# Fire Destroys \$250,000 Church in Vancouver

## Second Triangular Air Line In Ten Days Only. Tower and Sunday School of Terminal City Church Stand After Blaze

### B.C. AIRWAYS TO RESUME SERVICE OUT OF VICTORIA

Two Kruezer Tri-motored Monoplanes To Be Used on Victoria, Vancouver and Seattle Route, With Amphibians to Follow, According to C. H. Eve, District Manager; Capital Secured to Put Company in Operation Again; Will Use Lansdowne Field.

Resumption of the triangular air service between Victoria, Vancouver and Seattle by the B.C. Airways Ltd. will take place within ten days, it was announced this morning by Cecil Eve, following permission given by the City Council yesterday evening to use the Lansdowne field as a landing place.

Two Kruezer tri-motored monoplanes for use in the service are now on the coast and will arrive here shortly, Mr. Eve stated. Sikorsky amphibian planes will be obtained later to supplement the other machines.

"Through affiliation with the Pacific Airways and Steamship Company, which is operating air lines in Mexico and the U.S., the B.C. Airways Company has been revived, Mr. Eve said, and will retain its original Victoria shareholders. Cecil Eve has been appointed district manager for the company, and Ernest Eve is on the directorate.

"The schedule has not been drawn up yet," Mr. Eve said, "but we plan to give a service which will meet the demands of the traffic between the three cities."

#### SAFETY FACTORS

The tri-motored Kruezer machines have a special safety factor, he pointed out, in that they can take off by land with the central motor alone or with only the two wing motors. They are six-passenger planes. The amphibians, which will be purchased later, are larger machines, having accommodation for ten and twelve passengers. A field day will be held shortly to demonstrate the machine's ability to take off from water.

Full approval of the company's use of Lansdowne field was given by the City Council yesterday evening, contingent upon the consent of the Department of National Defence. Alderman W. T. Straith pointed out that while the city industrial committee was considering a new airfield site, temporary accommodation should be given the machines at Lansdowne.

### DAISY DE BOE GOES TO JAIL YEAR AND HALF

To Spend Rest of Five-year Term on Probation in Los Angeles

Associated Press.  
Los Angeles, Feb. 10.—Daisy de Boe, former secretary to Clara Bow, film actress, was granted probation by Judge William Dornan to-day with the provision that she spend eighteen months in the county jail and the remainder of a five-year period at liberty under supervision of the county probation officer.

The court's decision was prefaced by a request from Miss de Boe's counsel that she be permitted to withdraw her application for probation made on February 2 following her conviction nearly three weeks ago on a charge of stealing \$225 from Miss Bow.

The motion was denied.

NOT TO PENITENTIARY  
Miss de Boe stood firmly and looked intently at the court as Judge Dornan quietly announced his decision not to send the twenty-six-year-old woman to the penitentiary.

After the court had told her she would not have to serve a possible prison term of one to ten years, she looked at her attorney, William Beltré, for an instant and then, apparently resigning herself to the court's judgment, she walked from the court room to begin her term in the county jail. No attempt to appeal the motion for a new trial, denied a week ago, was made.

### Warship Stranded At Napier By Quake At Sea Once More

Napier, N.Z., Feb. 10.—The war sloop Veronica was taken from the inner harbor here to-day by tugs and will proceed to Auckland for docking and repairs.

The warship was left stranded in very low water when the earthquake of last week raised the harbor floor. A subsequent earthquake lowered the floor somewhat and the ship was refloated.

### RUMOR SAYS BOWSER TO BE NEW B.C. LIEUT.-GOVERNOR

Vancouver, Feb. 10.—An Ottawa dispatch to The Vancouver Sun to-day said:

"W. J. Bowser, K.C., is to be the next Lieutenant-Governor of British Columbia, according to well-authenticated reports.

"Mr. Bowser is at present touring Italy. He is expected to return in about two months.

"His Honor R. Randolph Bruce, who was appointed five years ago Monday, February 9, has been asked to remain in office until Mr. Bowser's return."

Vancouver, Feb. 10.—The Vancouver Province said to-day:

"According to reports from Ottawa, W. J. Bowser, K.C., for many years a prominent figure in public affairs in the West and a former Premier of this province, has been selected as the next Lieutenant-Governor of British Columbia. Mr. Bowser is at present touring Mediterranean countries with his niece, Hon. R. Randolph Bruce, who term as Lieutenant-Governor has expired, has been requested to continue in office pending the return of Mr. Bowser."

Mr. Bowser was Premier of British Columbia from November 1915 to November, 1916. He was a member of the Legislature from 1903 till his retirement in 1924. He was Attorney-General from 1907 till 1914, combining that portfolio with Premiership in 1915-1916. From 1916 till 1924 he was leader of the opposition in the Legislature.

FORMER PREMIER BOWSER

### First Draft Shows City Facing Twenty Per Cent Tax Jump

World-wide Depression Will Affect Pockets of Rate-payers Here Materially; Forty-eight Mill Rate Is Preliminary Estimate and Council Gets Ready for More Whittling; Alderman Williams's Borrowing Plan Meets Opposition but Is Tabled for Future; Move to Reduce Aldermanic Salaries Beaten.

#### Salient features of the city's 1931 tax rate situation, developed at the meeting of the council yesterday evening were as follows:

Preliminary rate, based on present estimates, of forty-eight mills, announced by City Comptroller D. A. Macdonald. Last year's rate was 40.5 mills.

Appointment of a committee consisting of all standing committee heads and Alderman R. T. Williams and the mayor to reconsider the estimates.

Defeat of a motion by Alderman Williams to reduce aldermanic salaries and the mayor's stipend.

Tabling of Alderman Williams's motion to introduce a borrowing plan to cover current shortages instead of raising the mill rate.

Returning of School Board estimates to the board for reconsideration.

According to the preliminary estimates which have already suffered sharply under the council's pruning knife, the city will have to raise from the general tax levy over \$333,000 more than was levied for in 1930, the city comptroller informed the council. And this sum does not include any extra grant which may be made to relieve the deficit of the Jubilee Hospital or an appropriation towards paying off the earnings guarantee demanded by the Victoria Cold Storage & Terminal Warehouse Limited.

REASON FOR DEFICIT  
Mr. Macdonald demonstrated in figures to the council the reasons for the city's \$61,389 deficit on last year's operations and for the huge increase necessary this year in the tax levy, all conditions being due to matters outside the control of the council and attributable generally to world-wide depression.

### TWO PRINCES TO-MORROW TO REACH CALLAO

Lima, Peru, Feb. 10.—Callao and Lima made ready to-day to give an enthusiastic welcome to the Prince of Wales, his brother Prince George, and their party on their arrival at the port to-morrow aboard the liner Oropesa.

The two princes, who are making a good-will tour of South America, touched Peruvian soil first yesterday at Cabo Blanco and proceeded by automobile through Lobos and Nerritos to Talara, where the party was feted at the Peruvian Club.

From Talara, which is the centre of British and Canadian interests in Peru, the party proceeded to Paita, and there embarked again on the Oropesa shortly after dark for the run down the coast to Callao.

### WINNIPEG WHEAT PRICES UP ON RUSSIAN REVOLT RUMORS

Canadian Press  
Winnipeg, Feb. 10.—Unconfirmed reports of a revolution in Russia continued the bull movement on the Winnipeg wheat market to-day and prices at the close revealed net gains of 2½ cents to 2½ cents for the day.

The May wheat future closed at 66½ cents a bushel, up 2½ cents; July closed at 68½ cents, an advance of 2½ cents, while October finished at 70½, a gain of 2½ cents.

Export sales were estimated at 750,000 bushels. Cables from Great Britain indicated a good demand, with no accumulation of supplies.

Cash grain trading was featureless. Spreads were unchanged from yesterday.

When the traders gathered this morning they read reports of a Russian revolution, carried on broker house wires, but there was no confirmation from any source.

However, the rumors produced quick action. The pit was thrown into a turmoil as traders rushed to the buying side, quickly sending prices far beyond the recent low levels.

London, Feb. 10.—There were no suggestions either here or in Berlin to-day of any trouble in Russia as rumors in brokers' houses in the United States and Canada.

Word of the rumors was received this afternoon and efforts to check them were made.

### MESSAGE TO CANADA FROM NEW GOVERNOR

Earl of Bessborough Says Appointment to Ottawa Post Is Highest Honor

Expects to Arrive in Canada From London to Take Up Duties Next Month

By Thomas T. Champion, Canadian Press Staff Writer

London, Feb. 10.—"I can conceive of no greater honor than to represent the King in the Dominion of Canada, and to be recommended for that post by the Prime Minister of Canada," said the Earl of Bessborough, newly-appointed Governor-General, in a message to the Canadian Press to-day.

"I look forward with the utmost eagerness to an early arrival in Canada with Lady Bessborough," the earl's message continued. "I will do all in my power to deserve the confidence of the Canadian people expressed through the Prime Minister by his recommendation of me, and I will do all that lies in me to advance the interests of the people and country of Canada."

The Earl of Bessborough expects to sail next month. His predecessor in Canada, the Earl of Willington, will leave here for India March 3, to take up his new duties as Viceroy.

FERGUSON TO SPEAK  
The Earl of Bessborough, it was learned, will not attend the banquet of the Canada Club here this evening at which Hon. G. Howard Ferguson, new Canadian High Commissioner in Great Britain, is to speak. Sir George MacLaren Brown, European manager of the Canadian Pacific Railway, will preside.

(Concluded on Page 2)

### STORE SUFFERS LOSS IN FIRE

Vancouver, Feb. 10.—Fire of unknown origin did considerable damage to the basement of the President Cafe and the store of Kay Monson, Japanese importer, in the 900 block of Granville Street, at 5:30 this morning. The dining-room and lunch counter of the cafe did not feel the effects of the blaze, but contents of the Japanese store were damaged by smoke and water.

The amount of damage has not been ascertained.

### JOSEPHINE K. MEN'S TRIAL IS POSTPONED

Indefinite Adjournment of Preliminary Hearing of Canadians Made in New York

U.S. Government Counsel Preparing to Argue Charges Against Six Men

Canadian Press  
New York, Feb. 10.—Trial of members of the crew of the Josephine K., alleged run-running power boat of Digby, Nova Scotia, to-day was indefinitely postponed by the United States government, which will present the case to the grand jury here.

The six members of the crew were to have been arraigned to-day for preliminary hearing on charges of conspiring to smuggle and a breach of the Eighteenth Amendment governing the sale of liquor.

The Josephine K. was fired on by the coast guard patrol boat 143 three weeks ago. One of three shells which struck her mortally wounded Capt. William P. Cluett, Lunenburg N.S., the skipper.

### UNEMPLOYED INVADE HOUSE OF MINNESOTA

St. Paul, Minn., Feb. 10.—A group of unemployed demonstrators forced their way into the Minnesota House of Representatives during to-day's session, throwing the meeting into confusion and resulting in a thirty-minute recess.

Boston, Mass., Feb. 10.—Nine persons were arrested by two of them women, and a clergyman was knocked down by the horse of a mounted policeman when police dispersed an unemployment demonstration of Communists on Boston Common to-day.

### EARTHQUAKE REGISTERED IN CANADA AND U.S.

Ottawa, Feb. 10.—An earthquake described as of severe intensity was registered at the Dominion Observatory here early to-day. First preliminary tremors registered on the seismographs at 1:56 a.m. E.S.T., and registration continued for three hours.

The distance to the epicentre was estimated at 16,000 kilometres or 10,000 miles. Owing to the great distance to the centre of the disturbance, it was impossible for Ottawa seismologists to determine the place of origin.

Denver, Colo., Feb. 10.—An earthquake of slight intensity was recorded early to-day on the seismograph at Regis College here.

Rev. Father A. W. Forstall, seismologist, said it probably was a "rumbling" from the New Zealand quake and might continue for some time.

An earthquake which lasted for four hours began recording at the Gonzales Observatory here at 10:55 o'clock yesterday evening. F. Napier Denison, superintendent, estimates the centre of the disturbance as 5,500 miles away, probably in the same locality as the New Zealand earthquake last week. The quake was not too well defined there apparently being two disturbances which broke into each other.

### FINANCES ARE TOUGH PROBLEM IN AUSTRALIA

Canadian Press Cable via Reuters  
Canberra, Australia, Feb. 10.—Faced with unyielding opposition on the part of the Commonwealth and all the other big governments, Premier J. T. Lang, head of the New South Wales Government, has finally backed down from his stand in the conference of premiers here.

Premier Lang, however, declared that if the conference could not offer any better financial plan than his own drastic proposals, there was no alternative but to adopt his own plan. He tried for a time to get Hon. E. G. Theodore, Commonwealth Treasurer, to lay the Lang plan before the Commonwealth Bank at the conference last to-day, but Theodore refused.

When Premier Lang said he refused to consider wage cuts, Premier Mitchell of Western Australia remarked: "If we cannot reach an agreement you will not have any money to pay wages."

"Neither will you," Premier Lang retorted.

Addressing the large and distinguished gathering, the Viceroy said: "Nineteen years ago the King-Emperor proclaimed the decision to build a new imperial capital at Delhi. To-day we meet to mark the formal completion of that work."

"In laying the first stones of the new capital His Majesty expressed a desire that the plan of the buildings to be erected should be considered with deliberation and care, so the new creation might be in every way worthy of the historic character of its surroundings."

"Standing here, we can surely say His Majesty's commands have been observed."

The Viceroy expressed the deep gratitude of India to the governments of the Dominions "for their generosity and good will" in offering the symbolic columns. "He prayed they would forever stand as concrete evidence of the unity of the Empire."

### REDS ARGUE WITH MEMBERS OF U.S. HOUSE

But They Are Not Allowed to Speak on Floor of Chamber

### 1,500 REDS MARCH TO THE CITY HALL OF NEW YORK

New York, Feb. 10.—More than 1,500 Communists, including police after a mass meeting in Union Square here to-day and marched to the steps of the city hall where the board of estimates was in session. An emergency squad of police was rushed to the scene.

Following the meeting at Union Square, 110 policemen stationed there for the occasion were withdrawn, and the Communists formed their parade to the city hall unmolested.

Washington, Feb. 10.—A delegation of Communists who marched peacefully to the Capitol to-day remained to argue with Representatives and House attaches after they had been refused permission to appear on the House floor.

An extra delegation of policemen listened to the discussion as the group was told to give its petition to the Sergeant-at-Arms of the House, Alfred Wagenknecht, Sam Neesen and Earl Harper, New York negro, their leaders, said they felt they should be allowed to see Speaker Longworth.

BEATING UP IS HIS JOB  
When Sergeant-at-Arms Rogers insisted the Communists had no right on the House floor, Harper responded: "Your job is to see the workers are kept in submission, so why should I give the petition to you?"

Representative Beedy, Republican, Maine, asked Neesen how long it had been since the Communists had worked at his profession. Neesen replied he had been a worker's organizer for two years, and had not done any metal work in a long time.

Beedy how long it had been since the Congressman had "worked," and Beedy replied: "I worked last night, and work most every night."

Cleveland, O., Feb. 10.—Shaken by the mysterious killing of former Councilman William E. Potter, Cleveland citizens are clamoring for a solution and arrest of the killers.

Every available city detective is at work on the case, with Police Chief Matowitz in personal command. Two suspects were arrested and numerous persons were questioned, but no proved explanation of the murder has been uncovered since the body of Potter was found in an apartment last Sunday evening, with a bullet hole through the head.

The outstanding theory is that Potter was slain to seal his lips against further testimony in Cleveland's notorious playground scandal, which already has sent two prominent men to penitentiary and which may send others.

OTHER FIRMS  
A number of other firms occurred in the city during yesterday evening, doing considerable damage to the interiors of a number of business places and restaurants.

### DIRECTORS OF CLOSED BANK TO STAND TRIAL

New York, Feb. 10.—The New York County grand jury to-day indicted seven officials and directors of the closed Bank of the United States.

### Canada Shares In New India Capital Ceremony

Sir Arthur Currie Speaks at Unveiling of Canadian and Other Dominions' Columns of India Parliament Buildings Being Erected at New Delhi

New Delhi, India, Feb. 10.—The solemn inauguration of India's great new capital, a magnificent conception planned nineteen years ago, commenced to-day with the unveiling of "four great columns" given by the four largest Dominions of the Empire.

Lord Irwin, retiring viceroy, officiated, and General Sir Arthur Currie, principal of McGill University, Montreal, presented the Canadian column on behalf of the Canadian people.

"Let this pillar," said Sir Arthur Currie, "brought from a distant place and incorporated into the building, sharing in all its interests, witnessing all its functions, remind you that Canada, though far from you geographically, is sharing in your hopes, animated by your spirit and sympathetically living in your life."

HISTORIC EVENT  
Addressing the large and distinguished gathering, the Viceroy said: "Nineteen years ago the King-Emperor proclaimed the decision to build a new imperial capital at Delhi. To-day we meet to mark the formal completion of that work."

"In laying the first stones of the new capital His Majesty expressed a desire that the plan of the buildings to be erected should be considered with deliberation and care, so the new creation might be in every way worthy of the historic character of its surroundings."

"Standing here, we can surely say His Majesty's commands have been observed."

The Viceroy expressed the deep gratitude of India to the governments of the Dominions "for their generosity and good will" in offering the symbolic columns. "He prayed they would forever stand as concrete evidence of the unity of the Empire."

### Flames Have Such Hold on Roof and Interior of First Baptist Church When Firemen Arrive at 7 a.m. That Their Fight Is Hopeless; Loss, \$250,000 and Insurance, \$100,000; Congregation Will Rebuild at Once.

### BIG HUNT FOR MURDERERS IN CLEVELAND

Citizens Demand Police Find Men Who Killed Ex-Alderman William E. Potter

### Believed Ohioan Was Slain to Silence Story of Playground Scandal

Cleveland, O., Feb. 10.—Shaken by the mysterious killing of former Councilman William E. Potter, Cleveland citizens are clamoring for a solution and arrest of the killers.

Every available city detective is at work on the case, with Police Chief Matowitz in personal command. Two suspects were arrested and numerous persons were questioned, but no proved explanation of the murder has been uncovered since the body of Potter was found in an apartment last Sunday evening, with a bullet hole through the head.

STARTED AT ORGAN  
The fire, discovered about 7 a.m., apparently broke out behind the organ, but the cause is unknown. When discovered by the janitor, flames were already shooting out of the roof and they spread with uncontrollable rapidity through the wooden interior of the structure.

One fireman, W. E. Curtis, was badly burned about the hands when the blaze was at its height. He was removed to a hospital, where he will be confined for several days.

The church, built in 1910, was valued at \$250,000 and insured to the value of \$100,000 and carried.

### RUMORS GIVE CANADA NEW CHIEF JUSTICE

Toronto, Feb. 10.—The Toronto Star to-day said:

"Mr. J. T. Tully, K.C., Toronto barrister, the present treasurer of the Law Society of Upper Canada, as the next Chief Justice of the Supreme Court of Canada is the latest gossip in judicial circles. Coupled with this is the reiterated report that Mr. Justice J. P. O'Neil will leave the bench of the Second Division Court of Ontario to become a puisne judge of the Supreme Court of Canada at no far distant date. Chief Justice Anglin and Mr. Justice R. Smith of the Supreme Court, are now both on leave of absence."

NO OTTAWA CONFIRMATION  
Canadian Press  
Ottawa, Feb. 10.—Rumors of the appointment of W. M. Tully, K.C., to the position of Chief Justice of the Supreme Court of Canada were not confirmed at the Department of Justice here this afternoon. Hon. Hugh Guthrie, Minister of Justice, was attending a meeting of the cabinet and could not be reached. At his office, however, the statement was made that nothing had been heard of such an appointment.

Chief Justice P. A. Anglin is at present in the West Indies on leave of absence.

### RULING SOON ON MARKET ACT OF B.C.

Vancouver, Feb. 10.—An Ottawa dispatch to The Vancouver Sun to-day said:

"No decision was rendered to-day by the Supreme Court of Canada in regard to the appeal against the British Columbia Produce Marketing Act."

"The case was adjourned until February 16."

### QUAKE DEATHS LISTED AT 212

London, Feb. 10.—The Governor-General New Zealand to-day cabled the Dominion Secretary that the known deaths in the earthquake there last week numbered 212 and the injured 954, but the casualty list still was incomplete.

### LAWRENCE OF ARABIA AIDS AT RESCUE OF FLIERS AT PLYMOUTH

Plymouth, Eng., Feb. 10.—"Lawrence of Arabia," that romantic figure who now is known as plain Aircraftman Shaw, appeared to-day as one of the heroes of the recent disaster when nine men were killed in the plunge of a sea-plane into the sound here.

At the court of inquiry Shaw turned up as one of the principal witnesses and it was revealed he had played a prominent role in the rescue of members of the plane's crew who had escaped death in the crash.

Because of his military achievements in Arabia, Colonel Thomas E. Lawrence might have held a high government position, but in 1927 he suddenly decided to end the brilliant career he had begun and had his name legally changed to Thomas Edward Shaw. He was assigned as an enlisted man to the air service.

To-day he fitted in and out of the

Canadian Press  
Vancouver, Dec. 10.—The First Baptist Church, one of the finest churches in Vancouver, was destroyed in a spectacular fire this morning. The loss to the congregation is estimated at more than \$125,000.

Before noon it was stated plans for rebuilding the church would be started at once.

A Sunday school hall which was part of the structure was saved, as well as a large stone tower standing at the corner of the building, located at the corner of Burrard and Nelson Streets in the west end of the city. All of the auditorium that was standing this afternoon was the stone walls.

Flames shot high from the blazing interior and roof of the church, sending burning embers over surrounding residences. A drizzle of rain which had damped the morning, when the danger of the fire spreading in that way, while firemen managed to keep the blaze from jumping to adjoining wooden houses.

### CANADA SHARES IN NEW INDIA CAPITAL EVENT

(Continued From Page 1)

#### FOR THE NEW INDIA

The capital is a magnificent modern city of marble and red sandstone, typifying the entire history of India. It will serve shortly as the national centre of a new federal India when the details of the proposed new constitution have been worked out and acted on.

From the walks of the new building as the Viceroy spoke could be seen the historic and scarred environs of the old city, strewn with remnants of dead dynasties of the past; embattled walls, massive gates and towers; palaces and mosques built by successors of the mighty Tamerlane who slaughtered 100,000 natives almost on the same spot six centuries ago.

#### VARIED INFLUENCES

A variety of conditions, including the political unrest and commercial depression, the death of the great Mohi-ki Nohru, abnormal cold and a lack of enthusiasm on the part of extremist Indians contributed to restrict the number of visitors for the official opening.

Nevertheless the ceremony of unveiling the pillars was striking and spectacular. A score of ruling princes attended and the spectators numbered 5,000.

After the address of Lord Irwin, Sir Arthur Currie expressed Canada's keen sympathy and goodwill towards India. He was followed by the Hon. J. G. Macdonald, who spoke on behalf of the Commonwealth, and Hon. Henry William Sampson, a member of the South African Government, spoke on behalf of the Union. A message of goodwill from the Governor-General of New Zealand, Lord Bledisloe, then was read.

In the Dominion representatives simultaneously pressed electric buttons and the draperies surrounding the massive columns fluttered down amid a fanfare of trumpets. The National Anthem closed the ceremony.

Other speakers.

Sir John Monash, distinguished Australian soldier and scientist, spoke on behalf of the Commonwealth, and Hon. Henry William Sampson, a member of the South African Government, spoke on behalf of the Union. A message of goodwill from the Governor-General of New Zealand, Lord Bledisloe, then was read.

The Canadian Parliament approved the Dominion representatives simultaneously pressed electric buttons and the draperies surrounding the massive columns fluttered down amid a fanfare of trumpets. The National Anthem closed the ceremony.

Other speakers.

Sir John Monash, distinguished Australian soldier and scientist, spoke on behalf of the Commonwealth, and Hon. Henry William Sampson, a member of the South African Government, spoke on behalf of the Union. A message of goodwill from the Governor-General of New Zealand, Lord Bledisloe, then was read.

## INDIA LEADERS FIRST MEETS ON COURSE DIFFER

Gandhi Rejects Sapru's Proposals; Others Would Ease Disobedience Campaign

Canadian Press

Allahabad, India, Feb. 10.—Neutral observers to-day saw the possibility of a split in the All-India Nationalist Party over the question of co-operating with other sections in negotiating on the scheme of modified self-government, which Premier MacDonald offered to India.

Mahatma Gandhi and Jawaharlal Nehru, president of the Congress, to-day apparently remained firm against the arguments of Sir Tej Bahadur Sapru, a leading delegate to the recent Round-Table Conference at London, but other members of the Congress working committee, chief Nationalist organization, believed present unsatisfactory conditions had gone far enough and it was time for a change.

Gandhi and Nehru were understood in their conversations with Sir Tej Bahadur Sapru, a leading delegate to the recent Round-Table Conference at London, but other members of the Congress working committee, chief Nationalist organization, believed present unsatisfactory conditions had gone far enough and it was time for a change.

## Colorful Opening Ceremony of House Set For To-morrow

Naval and Military Guards of Honor Will Line Front of Parliament Buildings To Meet Lieutenant-Governor Bruce at 3 o'Clock; Four New Faces Will Be Seen in Legislature This Session; Government Legislation Ready, Says Premier.

### SHREWD EASTERNER BIG STOCK BUYER

Montreal, Feb. 9.—For some days a shrewd investor, who resides in a well-known city in the Maritime Provinces, has been a buyer in substantial way of the leading securities. After a careful investigation he has purchased such issues as Imperial Oil, Montreal Power, Dominion Bridge, International Nickel, Imperial Tobacco, Bell Telephone, International Petroleum, Power Corporation, American Telephone and Telegraph, United States Steel and Standard Oil of New Jersey.

The steady arrival of members, organization of sessional staffs and caucuses of both parties proceeding to-day are creating the usual atmosphere which precedes the opening.

Officers in charge of naval and military guards have drilled their men for guard of honor duties outside the Parliament Buildings.

PUNCTUALLY AT THREE

Warning was given to the public from the Provincial Secretary's Department this morning to be on time if they desire to witness the ceremonies.

Members of the cabinet were hosts yesterday evening at a dinner given at the Union Club to the thirty-seven Conservative members of the House.

## NINETEEN ARE LOST IN JAPAN SHIP CRASH

Thirty Rescued When Vessel Sinks After Collision Off Kobe Harbor

Canadian Press

Kobe, Japan, Feb. 10.—Boats cruising the blizzard-lashed waters off the Japanese coast throughout last night picked up thirty persons counted as lost in the sinking of the Japanese steamer Kikutsu Maru yesterday after collision with the French steamer Portheos. Reports to-day from outlying ports said thirty rescued had been landed, leaving nineteen unaccounted for.

## Wrigley's

Handy Pack P.K. for 5¢

Each of these Wrigley's packages contains the best that can be produced in chewing gum.

The cool comforting flavors freshen the mouth and sweeten the breath—the chewing steadies, the nerves and aids digestion—the sugar is energy in concentrated form and keeps you "up and coming."

You are getting good for the teeth, mouth, throat, stomach and nerves.

Keep fit with Wrigley's. Inexpensive—Satisfying.

First Draft Shows City Facing Twenty Per Cent Tax Jump

(Continued From Page 1)

Mr. Macdonald first pointed out that on the basis of the present estimates the rate would be a small percentage over forty-eight mills.

In explaining the deficit, he quoted the following six items: police cost \$100,000 below estimates, liquor profits \$11,000 below estimates, municipal profits \$3,000 below estimates, tax collections \$8,158 down, unemployment relief \$22,000, wood-cutting camp and other unemployed work \$13,000, both of the last two items not being in the budget. These six items totaled \$83,158, so that outside of these the city was actually \$32,000 within its estimates.

INCREASE IN LEVY

As far as the increase in the levy was concerned, the present estimates called for \$1,961,738 to be raised, compared with \$1,618,064 last year, or a jump of \$343,674. There were six main factors affecting this, as follows: a drop of \$71,000 in 1930 receipts of the land department which are applied to reducing the following year's tax rate; a reduction of \$18,000 in the estimated liquor profits; a drop of \$84,000 in the estimated tax collections; and the 1930 deficit, combined with the surplus cash at the beginning of last year, which totaled \$134,063. These items totaled \$322,000, so that outside of these the city was actually \$32,000 within its estimates.

With this situation facing it the council turned the matter for the time being over to the special committee which includes the mayor, Alderman Williams and the committee chairman, Alderman W. R. Strath, industrialist; Alderman J. A. Worthington, parks; and Alderman J. L. Mars, public works.

BORROWING SCHEME

Alderman Williams was included on the committee as proposer of his scheme to borrow on the city's credit to meet the increased expenditures.

The proposal met strong opposition from several seats of the council and the day after the meeting it was explained that it had been necessary to double the tax rate at this time.

Alderman Williams admitted it would be necessary to borrow \$500,000 to meet the situation and that the mayor explained that such an amount, on a ten-year loan, would cost the city about two mills a year in interest and sinking fund charges for the period of the loan and would defeat its own object. Moreover,

"...that's what I call real value!"

LISTING from \$875... with reductions of as much as \$85 from last year's prices... the new 1931 Pontiac offers you real value... General Motors value.

Despite these greatly lowered prices, the 1931 Pontiac is larger and improved in many ways. It is a beautiful car. Its spacious Fisher Bodies are warm and comfortable. Rubber insulation at 43 points throughout the chassis eliminates squeaks and absorbs noise, vibration and road shocks. Pontiac's famous 60 horsepower engine delivers fine performance and is notably economical.

## SESSION AT OTTAWA SET FOR MARCH 12

Bennett Cabinet to Hear Requests For Changes in Tariff Structure

New Taxes Proposed By Ministry to Make Up \$100,000,000 Deficit

Ottawa, Feb. 10.—Parliament will start its regular 1931 session Thursday, March 12.

The announcement of the date was made yesterday afternoon by Premier Bennett, after a meeting of the Cabinet. The Premier followed that announcement by stating in the evening that a committee of the cabinet would hold public hearings in Ottawa, beginning February 17, at which arguments might be presented for and against existing tariff rates. Items dealing with farm and agricultural products would be examined first. This was interpreted to-day as meaning the government would adhere to its policy, as announced by Mr. Bennett during the special session of Parliament last September, of overhauling the complete tariff structure at the session to open in March.

When Premier Bennett, as Minister of Finance, presented his budget in the House of Commons in September, he made clear the tariff increases then made were his Ministry's view of what was necessary to meet the extraordinary economic conditions and coupled with that the statement that a move by the cabinet and its supporters for a full revision of the whole tariff might be expected at the winter session.

The Premier also promised public hearings would be held before the full revision was made and that arguments might be presented for and against the existing rates of duty. The hearings to be held in Ottawa, February 17, are expected to be the first of several that will be held preliminary to the revision of the tariff at the session to open in March.

### ST. LAWRENCE DISCUSSION

Significant subject, with pronounced importance both from a domestic and international standpoint, likely will develop before Parliament assembles in March. It is believed probable an early reply to the note from President Hoover respecting negotiations for the St. Lawrence River developments will be made.

Disposal of Canada's wheat crop, valuation for duty purposes of automobiles, amendments to the British North America Act as proposed at the last Imperial Conference, which is together with the question of the nationalization of radio as proposed in the Aird Commission's report, likely will have re-echoes after that date and may be debated on the floor of Parliament.

### SUMMER DEBATES

Present indications are the session of Parliament will extend well into the summer, closing in time for the Imperial Economic Conference, which is to be held in Ottawa. The whole question of intra-empire relations and plans to develop trade within the empire are expected to be discussed at length by the members of Parliament so the views of the country should be pretty well known by the time the conference opens.

### NEW TAXES PLANNED

The new taxation the government contemplates will propose for imposition will be given detailed consideration. Premier Bennett recently told a delegation which waited on the government there probably would be reported for this fiscal year a shrinkage in revenue of approximately \$100,000,000. To what extent the government will endeavor to meet way toward making economies or taxation will be of personal interest to everyone.

## PRINTING FIRM'S BIG BUILDING IN CHICAGO BOMBED

Chicago, Feb. 10.—The Lakeside Press Building of the R. R. Donnelley Publishing Company here was damaged yesterday evening by a bomb explosion. The bomb was placed against the base of the building, near where 500 men were at work. One workman was slightly injured. Windows were shattered, but other damage was slight. Officials of the company said there had been no labor trouble at the plant. The Donnelley house is among the largest in the country. A total of 3,500 men are employed in the plant, which is operated as a non-union institution.

## RED IN SAIGON KILLS POLICEMAN

Saigon, French Indo-China, Feb. 10.—A police inspector here was shot by a communist militant to-day as he attempted to disperse an open air protest meeting. He later died in a hospital.

## Longer and Better Beds For Students

Toronto, Feb. 10.—There have been plenty of jokes about short beds, but to students of Upper Canada College here the situation was no joke. On cold winter nights many of the students had their choice of either sleeping with their heads beyond the covers, or with their feet out in the cold. Boys of to-day are apparently taller than their fathers were when the latter attended the school. Dr. W. L. Grant, principal of the college, had this to say about it all: "Yes, six-foot beds were long enough for our boys previously, but we now have so many long boys that it is necessary to buy a lot of seven-foot beds. Our boys of sixteen, seventeen and eighteen are taller than their predecessors."

## COAL MINE PACT SIGNED IN WALES

Cardiff, Wales, Feb. 10.—A formal agreement, under which the operators and miners of the South Wales coalfields settle, or provide means for settlement of, a majority of their differences, was signed here yesterday and will be operative until January 1, 1934.

The signing was considered the last immediate step in the episode which saw the mines idle and the men shut out from New Year's Day till January 19.

A month's strike, involving about 140,000 men, was caused when the employers demanded a substantial reduction in wages in compensation for the shorter 7½-hour day ordained by Parliament. The men refused to accept a cut and they are generally credited with having won the battle. For the final agreement gives them the shorter day and pay remains stationary.

## IMMIGRATION OFFICES SOON TO BE CLOSED

Minister at Ottawa Announces Ending of Seven in the United States

Ottawa, Feb. 10.—Discontinuance of a number of offices of the Department of Immigration and Colonization located in the United States was announced yesterday by Hon. Wesley A. Gordon, Minister of Immigration and Colonization.

"This action," said Mr. Gordon in an interview with the Canadian Press, "is the logical result of conditions under which it is felt the best interest of Canada would not be served by aggressive immigration activity at the present time. A material saving in expenditure will be effected, and at the same time ample provision will still be made to furnish information to all residents of the United States who are interested in settling in Canada. For the present the movement from the United States, as from other countries, is being confined strictly to those who can establish beyond question that they will not contribute directly or indirectly to the unemployment problem in Canada."

The offices which are to be closed are the Boston, Buffalo, Chicago, Fargo, Omaha, Great Falls, Montreal, San Francisco. These offices will be discontinued March 31. Agencies will still be open at such important centres as Detroit, Minneapolis, Kansas City and Spokane.

## LOAN PLAN FOR FARMERS IN U.S. DROUGHT AREAS

Washington, Feb. 10.—Adoption of the drought loan agreement was vigorously urged in the Senate yesterday by Democratic leader Joseph Robinson, with the assurance of President Hoover of a sympathetic administration of the \$40,000,000 fund.

Pleading action was imperative if relief was to be in time, Senator Robinson upheld the agreement through a round of questioning by doubting members on both sides of the aisle.

The Democratic leader insisted the drought stricken farmers could use the loans for winter purposes they saw fit in rehabilitating their farms. Lenders yesterday evening were confident of adoption of the agreement. The compromise is expected to go a long way toward making unnecessary an extra session of Congress.

## Buildings Gains Shown By Most Down Coast Cities

San Francisco, Feb. 10.—A majority of Pacific Coast cities showed increases in building permits in January, although some of the larger cities reported declines, according to the monthly figures released by S. W. Strauss & Co. to-day.

Pasadena, Tacoma and San Diego reported the largest gains in volume over both the preceding month and the corresponding month of 1930. Ten per cent of the cities ranked among the first twenty-five in January. These included Tacoma, Reno, Inglewood, Yakima, Stockton, San Mateo, Salinas, San Diego, Tucson and Monterey.

San Francisco, with a volume of \$1,831,083, showed a substantial gain over the \$1,431,983 figure for the corresponding month of last year, but was proportionately under the previous month of \$2,292,388.

Cities reporting gains over both the previous month and the corresponding month of last year were Carmel, Colton, Ensenville, Monterey, Ontario, Pasadena, Pomona, Inglewood, Salinas, San Diego, San Gabriel, San Jose, Santa Leandro, San Marino, San Mateo, Santa Ana, Stockton, Ventura, Willow Glen, Reno, Astoria, Corvallis, Marshfield, Salem, Bellingham, Tacoma, Vancouver, Washington, and Yakima.

The following cities reported gains over the same month last year but were proportionately under the previous month: Vista, Alameda, Burlingame, Oakland, San Francisco, Pacific Grove, Santa Rosa, Petaluma, Lewiston, Idaho, Riverside and Spokane.

Those cities showing increases over the previous month but below the same month last year were Anaheim, Beverly Hills, Glendale, Hayward, Huntington Park, Modesto, Oceanside, Palo Verde, Santa Cruz, South Gate, Torrance, Tucson, Boise, Logan, Utah, Piedmont and Longview, Washington.

### CONFERENCE REPORTS UNFOUNDED

London, Feb. 10.—Premier Ramsay MacDonald yesterday told the House of Commons the government was considering proposals for an international conference on the subject of inter-Allied debts and reparations. He made his statement in reply to a question as to whether any such proposals were under consideration "in view of the present world economic situation."

## HINDU KILLED BY HINDU IN SACRAMENTO

Police of California City Hunt Man Who Murdered India Nationalist

Sacramento, Cal., Feb. 10.—Nagiva Ram Dhami, Hindu, about twenty-eight years old, general secretary of the Indian Nationalist Congress of the Pacific Coast, was shot and killed on a street here yesterday evening. The murderer escaped.

Police to-day were seeking a Hindu, Haren Singh, identified as having fled from the scene.

The trail of the suspect led toward Marysville, when an automobile in which Singh was seen fleeing, was found to be registered there. Singh was identified by R. Rakha, one of several Hindus rounded up by police for questioning. He said he had seen Singh leave the scene of the shooting and get in the car with the Marysville number. Rakha also told police Singh was at liberty on \$2,000 bond after being arrested recently by immigration officials.

The man who attacked Dhami ran up to him on the street and opened fire with a pistol, witnesses said. Several shots were heard. Dhami was dead before police arrived.

Two pistols were found beside the body. In the dead man's pockets were personal belongings and \$50 in cash, which police said eliminated robbery as the motive for the killing.

## AMBASSADOR ANNOYED BY POLICE ACTION

But Explanations Satisfy Brazil Officials and Italian Representative in Republic

Buenos Aires, Feb. 10.—Travelers from Brazil reported to-day that an incident of February 3 had threatened diplomatic complications with Italy, but was smoothed over.

The incident occurred as Italian Ambassador Cerrutti and Gen. Italo Balbo and his squadron of Italian aviators, who had spanned the Atlantic shortly before, were leaving for Rio de Janeiro after a visit in Sao Paulo. Cerrutti, said Sao Paulo newspapers, became separated from the aviation party outside the railway station and tried to force through the great mass gathered to see the fliers. He was roughly handled by police, who did not know his identity, and once inside was said to have referred to the incident in a manner which offended Sao Paulo state authorities assembled there.

General Balbo heard of the trouble and left his compartment to apologize, but the authorities were not satisfied, and a high state official went to the capital aboard a special train to ask the federal government demand satisfaction of Italy.

The government minimized the affair and stated Cerrutti had asserted he had meant no disrespect to Sao Paulo authorities. Officials considered this closed the incident.

## Seattle Run On Savings And Loans Stopped

Seattle, Feb. 10.—Runs on several savings and loan associations here, not banks, were stopped by the announcement that notice would be required for withdrawals. Within a few hours all savings and loan associations in the city were reported to have adopted the same stand.

The action was an outgrowth of the suspension on Saturday of the Puget Sound Savings and Loan Association by the state supervisor of banking, who said he would appoint a receiver for institution unless it was put in a sound condition within twenty days.

Under state law, banks and savings and loan associations may require six months' notice for withdrawal. Association officials indicated, however, that the notice requirement might be withdrawn in a few days or weeks. About 74 per cent of the \$14,000,000 assets of the Puget Sound Savings and Loan Association is impaired, H. C. Johnson, state director of efficiency, said.

## REWARD PROVED BEST WHEAT FOR PRAIRIE FARMS

Winnipeg, Feb. 10.—Reward ranks as a better wheat than Garnet, a joint meeting of the National Research Council of Canada and the Board of Grain Commissioners decided here yesterday. A complete report on the comparative merits of the two varieties would be available soon, Dr. R. Newton of the University of Alberta, chairman of the meeting, said. It would be forwarded to the Grain Standards Board.

No change in the grading of Garnet wheat was anticipated immediately, Dr. Newton said. He thought it would probably be two years before any change in the grade was made and such action must be taken by the Grain Standards Board. Farmers, he believed, would switch over to Reward during that time without serious financial effects to themselves.

The meeting was attended by members of the grain commission; Dr. J. G. Mallock, University of Alberta; Dr. R. K. Larmour, University of Saskatchewan; and Dr. W. P. Birchard of the Dominion Grain Research Laboratories.

### NEW ZEALAND SESSION

Wellington, N.Z., Feb. 10.—A special session of the New Zealand Parliament has been called for March 11, to consider the economic position and legislation in connection with the earthquake disaster.

ESTABLISHED 1901  
Angus Campbell & Co. Ltd.

## Langford Club Won Badminton Series Easily

Langford, Feb. 10.—The Langford Badminton Club won the four men's doubles games and three of the ladies' doubles games when playing the United Church Badminton Club on Saturday evening, and shared the victories in the mixed doubles, which resulted in a win for the Langford team by 11 games to 5.

The United Church players were the Misses L. Robinson, Harding, Gough, Hobbs and Morgan, Messrs. Robson, Erith, McMillan and Miller. The Langford line-up was as follows: Mr. and

Mrs. A. F. Bayles, Mr. and Mrs. H. A. Hinks, Mrs. A. N. Brown, Miss G. Meredith Jones, Messrs. R. A. Pennington and Campbell Brown.

## Royal Oak

The old-time dance given in the Royal Oak Hall on Friday evening under the auspices of the Women's Institute attracted a large number.

Mrs. W. Barker was the convener. A masquerade dance for children and adults will be held in the hall on Friday evening, February 13, the youngsters holding the floor until 9 o'clock. Prizes will be presented by the institute.

The regular card party will be held Thursday evening.

Buy gloves with that \$3 it saves

The makers of Listerine Tooth Paste recommend Prophy-lactic Tooth Brushes

## MEN

a thrift dentifrice that removes tobacco stains and sweetens breath

ONE of the things you'll like about Listerine Tooth Paste is the business-like way it gets rid of tooth discolorations—especially tobacco stains.

Try it a day. You will immediately note the new brilliance it imparts to your teeth. Another quality you will like is the wonderful feeling of freshness it leaves in your mouth, the feeling you associate with the use of Listerine itself. Your entire mouth feels clean—invigorated. Your breath is sweetened. You aren't ashamed to meet people.

The fact that this remarkable dentifrice at 25¢ saves you about \$3 a year over high-priced tooth pastes may also interest you. That we can offer such a paste at such a price is due to marked

economies, effected by large-scale buying, modern methods of manufacture, and mass production. In the past five years nearly four million people have been won to Listerine Tooth Paste. Not by its popular price, but by its quality and the amazing results it accomplishes.

They like the thoroughness with which it cleans every surface of every tooth. The way it removes ugly discolorations and dangerous tartar without injury to precious enamel. They like the way it makes dull teeth gleam. The way it freshens the mouth and cools inflamed gums. If you are not already a user, buy a tube today. Give it a thorough trial. You will be delighted. Lambert Pharmaceutical Company, Toronto, Canada.

## HON. W. M. MARTIN TELLS GYROS OF CONSTITUTIONS

Makes Comparison Between Those of Canada and the United States

Basketball Game Arranged With Nanaimo Club a Week From Wednesday

Comparing the constitutions of the United States and Canada, Mr. Justice W. M. Martin of the Court of Appeal of Saskatchewan enlightened members of the Gyro Club on several phases of the administrative powers of the respective countries at the club's luncheon in the Empress Hotel yesterday.

After remarking that the Fathers of Confederation in Canada had built up their constitution along lines similar to that of Great Britain, and saying that it was in part written and in part unwritten, he noted that the original thirteen colonies in the United States had codified their laws entirely and had avoided as far as possible British institutions.

Mr. Justice Martin emphasized the power of the usage, or unwritten laws, incorporated in Canada from the British procedure, and stated they were in every way as strong as the written clauses of the British North America Act.

He traced the growth of responsible government in the Dominion and stated the United States had no such system.

**CRIMINAL LAW**  
Dealing with criminal law and marriage and divorce decrees, he stated the Canadian system, uniform throughout all provinces, caused far less confusion than that of the United States, where individual states had jurisdiction over these subjects.

He also declared the Canadian banking system was considerably more stable than that of the United States.

Personal liberty, the speaker said, had been assured in four cardinal points, freedom of religious worship, freedom of speech, freedom of the press and freedom of public assembly, in the United States through a written amendment to the original constitution. In Canada the same liberties were being practised, although no clause was included in the B.N.A. Act guaranteeing them.

Preceding the address, T. Bowden, sergeant-at-arms, made an appeal for more bowlers to take part in the service club's tournament.

**BASKETBALL GAME**  
Waldo Skillings put a motion before the gathering suggesting the Victoria Gyros meet the Nanaimo clubmen in a basketball game here a week from Wednesday. It carried.

Major Cuthbert Holmes was congratulated on his good work with the service club's council in assisting in the promotion of the Seattle Symphony concert here.

The raising of a fund to send delegates to the district convention in Vancouver and the Dominion gathering in Hamilton next summer, was discussed, but left on the table for further consideration at the next meeting.

## Salt Spring

Ganges, Feb. 10.—The play "What Happened to Jones," put on by the "Salt Spring Island Players" at the Mabon Hall, Ganges Harbor, on Tuesday and Wednesday evenings, proved an unqualified success.

E. Butterfield scored a triumph as "Jones," ably supported by Capt. V. C. Best as the "Professor" and Mrs. A. B. Elliott as the professor's wife, while Mrs. Theurillier was a dainty and humorous "Cissie." As the escaped lunatic, Major Turner created much laughter, as did L. Cropper as the "Bishop of Ballarat." The part of "Alvina," the old maid sweetheart of the bishop, was taken by Mrs. F. Crofton, and Mrs. Cecil Springfield brought down the house as the Swedish maid servant. Others of the cast who contributed to the success of the performance were Miss Nora Turner, Miss Dorothea Moorhouse, L. Nichol, C. King and C. Rudge.

Mrs. Andrew J. Smith directed the performance. The proceeds clear of expenses will go to the Ganges Chapter I.O.O.F.

Mr. and Mrs. T. T. Shore of North Salt Spring Island were visitors in Victoria for a day or two last week.

L. H. Garnett of Cobble Hill has been the guest of Mr. and Mrs. A. J. Smith at Ganges.

Mrs. E. Nelson of Salt Spring Island left on Thursday on a visit to friends in Victoria.

Miss Lois Wilson of "Barnsbury," Central Salt Spring, returned home this week from a month's holiday in California, where she was the guest of Mrs. H. W. of San Francisco.

Mrs. W. Rogers of Rainbow Road, Ganges, has left for Victoria, where she expects to remain for several weeks.

## Colwood

The popular Valentine masquerade dance, sponsored by the Women's Auxiliary to Prince Edward branch No. 91, Canadian Legion, will be held Friday evening, February 13, at Colwood Hall. Attractive prizes will be awarded as follows: Best Valentine couple, best lady Valentine, best gentleman Valentine, best comic lady, best comic gentleman. A good programme of dance music will be played by the Syncope Five-piece orchestra.

Dancing will commence at 8 o'clock and refreshments will be served. The hospitality of Mr. and Mrs. E. V. Peatt, Spoke Road, was extended Friday evening to the members of the Colwood branch of the Women's Auxiliary.

Mrs. E. Shields played for dancing. Mrs. Peatt was assisted in serving refreshments by her daughters, Misses Margaret and Irene.

Deaconess Sinners of Victoria will address the Women's Auxiliary to St. John's Church at their monthly meeting which will be held on Wednesday, February 11, at 2:30 o'clock at the vicarage.

Practising signaling and an imitation campfire featured Saturday afternoon's programme of the Colwood company of Girl Guides.

The usual weekly card party will be held in Colwood Hall Wednesday evening, under the auspices of the Colwood Hall committee.

# Three Victoria Thoroughbreds Will Campaign On Outside Tracks

## THE SPORTS MIRROR

Much Interest Over Barring of Jumbo Davies From U.S.

Little Chance of U.S. Wrestlers Being Barred From Canada

Canadian Fighters and Hockey Players Have Taken Thousands of Dollars Out of U.S.

Italian Athletes Are Making Amazing Headway in Many Lines of Sport

CONSIDERABLE interest has been aroused among local sports fans over the barring of Jumbo Davies, local fighter, from the United States. One argument that has been given considerable prominence is that United States wrestlers are coming to Victoria and Vancouver every week for bouts and are taking good Canadian dollars for their demonstrations of agility.

Before we go too far with this argument it would be just as well to stop and consider the effect retaliation would have on Canadians. In Victoria we happen to see wrestlers from the other side, most of whom appear to be from Europe, judging by their names and nicknames, but think for a moment of the Canadian boys who continually slip across the line and reap some of the gold that lies there.

There comes to mind the case of Jimmy McLarnin, the Vancouver welterweight and one of the most popular fighters in the game today. The New York press acclaims him as the slickest fighting machine, pound for pound, in the ring. Jimmy got \$50,000 for his right with Al Singer, their lightweight champion, and he brought a whole lot of it back to Canada. McLarnin's winning for that one bout total more than all the wrestlers will take out of Victoria in many years.

And while speaking about McLarnin we can mention many other Canadian scrappers who are picking off purses regularly in the United States. Billy Townsend, another Vancouverer, has a good drawing card there now. Even Jumbo Davies has made trips across the line and fought in the past.

Just the other day one of Victoria's own sons, Bill Feden, left here and is now settling his way around the bowl in a six-day battle in Chicago. He is teamed with Lew Elder, a Toronto boy, and they are battling the Canadian team. Bill hopes to become a star in the game and win some of the big money put up for this sort of thing in the United States.

This brings to mind the fact that one of Victoria's leading citizens, Lester Patrick, is acting as manager of the New York Rangers, hockey team, in the National Hockey League. On top of this Lester is recognized as the highest-paid manager in hockey today. Then again there are hundreds of Canadian hockey players playing on teams in the United States. Action was taken at the beginning of the present season but a special ruling was obtained from Washington, D.C. allowing them entry.

Jumbo has been refused admission to the United States because the United States Immigration officials say he did not comply with certain regulations. They say they have not discriminated against him.

If people ever wondered what the prize-fight game would do without the Irish, who would shoulder the wrestling industry when the Greeks all became restaurant owners, what would happen to golf when club memberships cost too much for the Scots, they might find the answer in five little words—give it to the Italians. Mr. Mussolini, if he took a moment to study just what his subjects are doing in athletics would find them actually stumbling over one another in the fight game from Canada on down to little Frankie Genaro. He would find that they wreath, bowl, golf, automobile, ride bicycles, play golf and baseball and call signals for famous United States football teams.

Boxing happens to be over-run with what is freely called the "fighting wop." Often they have found it convenient to disguise their names in favor of catchy ring monikers. Among these are Young Corbett III, outstanding welterweight, who was born Raffaele Giordano; Johnny Farr, featherweight, who wins under the name of Farnace; and flyweight champion, Midget Wolgast, who occasionally gets mail addressed to Joseph La Scala.

Four Italians are champions today, and a fifth could probably scale the heights, if given a championship match. We refer to Tony Canzoneri, lightweight; Christopher "Big" Battalino, featherweight; Midget Wolgast, and Frankie Genaro, co-champions of the flyweight division and Young Corbett III, who knocked out the welterweight champion into submission during 1930, but who was kept from the title by over-the-weight technicalities.

Baseball used to be a great game in the days of the Schmitts, Lobertas, Wagners, Zimmermans and Stubs, but it's a bigger and more colorful industry with the addition of a handful of Italians. St. Louis teams have four, Manzaneros, Orsatti and Pucinelli of the Cardinals, and Melillo of the Browns. Tony Lazzeri has been a spark plug in the New York Yankees machine for years. Chicago's White Sox have a few, Brooklyn, Cleveland and the World-Champion Philadelphia Athletics this year will have Lombardi, Deane and Palmisano, respectively.

Golf has been a bigger attraction since stocky little Gene Sarazen, Tony Manero and several other Italians graduated from the caddy ranks. Much of the present-day popularity in bowling

## Vancouver Defeats Esks In Fast Game For First Position

Lions Turn In One of Best Performances This Season To Score 2 to 1 Victory in Lightning-Fast Game; Frank Jerwa Nets Winning Goal on Pass From Arnott; Percy Jackson Gives Great Exhibition in Vancouver Nets; Three Goals All Scored in First Period.

Vancouver, B.C., Feb. 10.—Expected fireworks failed to materialize yesterday evening as Vancouver took sole possession of first place in the Pacific Coast Hockey League by defeating Seattle Eskimos, 2 to 1, in a lightning-fast game.

### Hockey Schedule For This Evening

**NATIONAL LEAGUE**  
New York Americans at Montreal Maroons.  
New York Rangers at Philadelphia.  
Chicago at Boston.  
**INTERNATIONAL LEAGUE**  
Cleveland at Pittsburgh.  
Windsor at London.  
Buffalo at Detroit.  
**AMERICAN LEAGUE**  
Minneapolis at Buffalo.  
Baluth at St. Louis.  
**ONTARIO HOCKEY ASSOCIATION**  
Senior "A"  
Nationals at Marlboros (Toronto Area Gardens).  
University of Toronto at Hamilton.

## BLACK HAWKS TANGLE WITH BOSTON TEAM

Chicago Will Endeavor to Hold Jinx on N.H.L. Leaders This Evening

Rangers Play Philadelphia; Laurie Scott Stars in Minor Team's Victory

Toronto, Feb. 10.—The big battle in the National Hockey League tonight will be fought at Boston, where the flying Chicago Black Hawks come to grips with the Bruins.

Although Boston has a six-point lead over the Black Hawks in the American division, Chicago consistently has been able to beat the Bruins this season. Of four previous meetings, Chicago has won three games and Boston one.

With a dog show holding forth in Madison Square Garden, both New York teams will play on foreign ice tonight. The Rangers meet the Philadelphia Quakers and the Americans tangle with the Montreal Maroons. And while the Bruins fight into the Americans for third place in the Canadian section, and a battle royal should be the result.

St. Louis, Mo., Feb. 10.—Lilliputian Laurie Scott, mate of the celebrated Chuck Brothers in Canadian pro hockey of half a decade ago, roamed the ice yesterday evening, as of old, from his left-wing position he cashed bewilderingly and incessantly through the ranks of St. Louis flyers of the American Hockey League, leading Du-luth Hornets to a 7 to 2 triumph.

Three of the Hornets' scores came direct from his flashing stick, and two more resulted from his able passes, after he had tricked "French" Beaume from the Saints' net and left the way open for a tally. The win placed Du-luth just two points away from third position, held by Chicago Shamrocks. And sank the Flyers' faint hope into the ignominy of the tail-end place.

## HOCKEY STANDINGS

	W	L	D	P	A	P

	W	L	D	P	A	P
Canadiens	10	5	1	21	27	25
Toronto	10	5	1	21	27	25
Montreal	10	5	1	21	27	25
N.Y. Americans	10	5	1	21	27	25
Ottawa	10	5	1	21	27	25

Last Friday night, in a game at Seattle, the Esks defeated the locals 6 to 4 in a game which Vancouver players reported was a one-sided encounter because of Seattle's rough tactics. And to emphasize their statements, they pointed to injuries to two players, a bruised jaw suffered by Brennan, star defence man, and the loss of two teeth suffered by Pettinger, youthful substitute centre. As far as roughness was concerned, however, yesterday evening's game was tame, the boys sticking closely to hockey throughout the sixty minutes of play.

**FAST GAME**  
It was a good fast game and interesting throughout. The three goals all came in the first period, but the next two scoreless sessions lacked none of the heat of the initial twenty minutes. The Lions jumped into a one-goal lead fourteen seconds after the game opened, when Dunn took a perfect pass from Jerwa while right in front of the net and snapped the disc past Kemp. Father Time's rival, Jack Walker, then tied it up for the Esks on a lone effort. The Lions then took the lead for the last time when Jerwa scored on Arnott's pass near the end of the period.

The visitors had many scoring opportunities in the second and third frames, but Percy Jackson, the local minder, would not be beaten. Similarly, Vancouver had chances to lengthen their lead, but they could not get the puck past Kemp in the Seattle net. Seattle's best chance came in the second period, when three forwards stirred right through on top of Jackson. The latter stopped the first shot and then, while sprawled on the ice, blocked another brace of drives on his net, before his defence finally cleared the puck out of danger.

**Line-ups**  
Vancouver—Jackson, Redpath, Arnott, Jerwa, Sanderson and Dunn. Sub: Pettinger, Carr, Blythe, Altken and Cummings.  
Seattle—Kemp, Benson, Houbreg, Walker, Anderson and Sutherland. Sub: Savage, Stuart, Bellefeuille, Dyck and Connors.

**Officials**—Sinclair and Berland.  
**Summary**  
First period—1. Vancouver, Dunn (Jerwa), 7:14; 2. Seattle, Walker, 2:21; 3. Vancouver, Jerwa (Arnott), 15:10. Penalties: Benson.  
Second period. No score. Penalties: Connors, Redpath.  
Third period. No score. Penalties: Savage, 2.

## HOCKEY

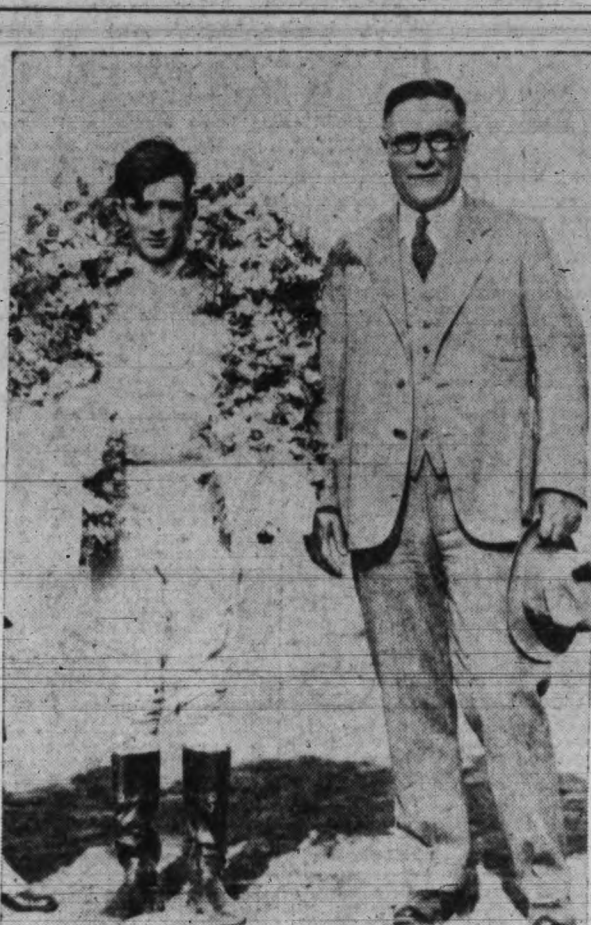

BY JIMMY TURKINSON

ABOUT TWO INCHES OF STEEL IS ALL THE ACTUALLY TOUCHES THE ICE OF THE SKATE OF A FORWARD IN HOCKEY. THE ROUGH OILS TO GIVE THE PUMPS GREATER FRICTION ARE THE POWERS.

**DIFFERENCE IN SKATES**  
A well-known N.H.L. referee once said that about seventy-five out of every 100 hockey fans don't know the difference between the skates of a forward and a defence—yet there is a marked difference. For example, the slightly-line players wear skates of about two inches of the blade in contact with the ice at any one time. The reason for this is that the forward players depend upon their ability to turn and check. On the other hand, the defence player wears a long skate and a much flatter blade with about twice as much of the blade in contact with the ice as his teammates for this is that his work in the play demands that he has an excellent and strong contact with the ice so as to stop opposing players who charge at him. Other than the blades, hockey skates are almost standard wherever hockey is played.

## VICTORIA OWNER AND HIS CRACK JOCKEY

JOCKEY CRAIGMYLE E. J. "BABE" HARRIS

Seeking additional honors for his crack three-year-olds, Princess Betty and Princess Sally, and his young two-year-old colt Boy of Mine "Babe" Harris, local turfman, will dispatch the three thoroughbreds to Tanforan, California, for the twenty-one-day racing meet opening there on April 1. The local horses will be ridden by Craigmyle, who is under contract to Harris. In the above picture Harris and Craigmyle are seen a few minutes after Princess Betty won the initial B.C. Futurity at Vancouver last season. Craigmyle is seen with the time-honored victor's wreath on his shoulders.

## Des Anderson Will Meet Barackman In Title Contest Here

Latter's Diamond-studded Belt, Emblematic of Pacific Coast Middleweight Wrestling Championship, at Stake in Saturday Evening's Bout at Tillicum Gymnasium; Anderson Defeated Champion Here Recently; "Rocky" Brooks Matched With Young Gotch, Nebraska.

With the diamond-studded belt at stake Mervin Barackman, Pacific Coast middleweight wrestling champion, will defend his title against Desmond Anderson, Seattle, in a twelve-round bout at the Tillicum Gymnasium on Saturday evening. Barackman, who hails from Everett, was defeated by Anderson two falls out of three here a couple of weeks ago but, owing to the fact that it was only an eight-round bout, the title was not at stake.

This should prove one of the fastest and cleanest seen here for some time. Both grapplers are clever and fast on their feet, and in their last match gave the fans a great display. According to word received to-day from Promoter F. B. Richardson, the champion's belt has been placed in his hands and he will award it to the winner of Saturday night's bout. Owing to a rule laid down by the donor of the belt, any contest for its possession must be over the twelve-round route.

**BROOKS MATCHED**  
In the semi-windup for Saturday Richardson has lined up Young Gotch of Nebraska for a five-round bout with "Rocky" Brooks. Brooks has been hanging up quite a string of victories, but is expected to have his hands full with the Nebraskaan.

As an added attraction for the fans a special three-ten minutes round bout has been arranged between Rex Brown, Mount Vernon, and Bull Stetson, Seattle. Each weighs around 160 pounds.

## N.Y. Women Swim Stars Set Three Canadian Records

Toronto, Feb. 10.—Establishing three Canadian records and making a clean sweep in every event, the touring team from the Women's Swimming Association of New York conclusively demonstrated here yesterday evening they will make a strong bid for honors at the 1932 Olympic games. The team is composed of Lisa Linstrum, Constance Hanf, Eleanor Holm and Helen Hendry.

The 200-yard relay was easy for the United States ladies. They broke the Canadian record of 2:02, winning in 1:58 3-5. Constance Hanf won the 100-yard free style, again breaking the Canadian record in 1:07. Miss Holm won the 100-yard back stroke in 1:13 1-5 for another record performance.

## "Babe" Harris to Send Three Runners To Tanforan Meet

Princess Betty, Winner of B.C. Futurity Last Summer, Princess Sally and Boy of Mine Will Campaign on California Track; Jockey John Craigmyle and Trainer George Thomas Will Accompany String; Boy of Mine Candidate for This Year's Futurity; Horses Will Also Run at Winnipeg.

In quest of honors farther afield E. J. "Babe" Harris, popular local turfman, announced to-day that he will send Princess Betty, Princess Sally and Boy of Mine to Tanforan for the twenty-one-day race meet at the California track on April 1. The local thoroughbreds will be accompanied by jockey John Craigmyle and Trainer George Thomas and will depart for the southern track within two weeks.

Owing to the fact that Harris has been unable to work his horses on local tracks through their poor condition he has decided to send the cream of his stable to Tanforan quite early in order to give them plenty of time to get acclimated and worked into the best possible condition. Craigmyle and Thomas will work the horses every day following their arrival at Tanforan, and are confident they will be ready by inauguration day.

**GO TO WINNIPEG**  
Following the meeting at Tanforan the three thoroughbreds will return to Victoria for a short rest following which they will be dispatched to the opening meet at Winnipeg. Princess Betty and Boy of Mine have been entered in the feature handicap at the prairie track. There is a possibility the Victoria horses will also campaign on the other prairie tracks.

Princess Betty and Princess Sally both hung up enviable records last season as two-year-olds. The former lived up to her owner's predictions by carrying the honors in the inaugural running of the B.C. Futurity. Craigmyle was up on the filly. Princess Betty started six times on British Columbia tracks last summer and won three times, was second once and left at the post twice. Princess Sally started five times and won twice, was third twice and unplaced once.

Boy of Mine is rated by Harris as one of the finest colts ever bred on the island. He is by Firm Friend out of Selma Roberts. This colt is predicted by the local turfman as the winner of this year's B.C. Futurity, and if his predictions are as good as they were on Princess Betty, then the race is in the bag. By taking the colt to Tanforan and Winnipeg, Harris figures on getting him seasoned for the running of the B.C. Futurity.

Princess Betty was sired by Marcus out of Joqueville, while Princess Sally is by Marcus out of Selma Roberts. Jockey Craigmyle has been in strict training for his trip south, and plans a comeback this season. He is exercising daily and now tips the scales around 125 pounds. He is training down to 107.

## Oakland Checkers Defeat Tigers In Overtime Ice Tilt

San Francisco, Feb. 10.—The Oakland Checkers defeated the San Francisco Tigers, 6 to 5, in an overtime hockey game yesterday evening. The Checkers had a 4 to 0 lead in the first period, but the Tigers overcame with a series of rapid goals in the last period.

## Georgia Centre Scores in Tap Play

Seattle, Feb. 10.—Charley Hansen, Seattle heavyweight, won the eight-round main wrestling event here yesterday evening from Joe Malcewicz, Utica panther, on a foul in the fourth round. Hansen was out on his feet, Malcewicz booted him over the ropes, the referee ruling it a foul, giving Hansen a fall. Hansen heaved Malcewicz over the ropes in the sixth, knocking him out, but the Utica panther crawled back into the ring at the count of nineteen.

A squad of police then made their way to the ring and one of them leaped into the ring and beat Brown into submission.

Chicago, Feb. 10.—Don George, National Boxing Association heavyweight wrestling champion, yesterday successfully defended his title against McGill of Vancouver, B.C., winning in straight falls.

George won the first fall in 23:26 and the second in 5:43. Joe Stecher, former champion, won a decision over Karl Zyzanski, Polish heavyweight, in a thirty-minute time-limit bout.

**NORMAL SCHOOLS SPLIT HONORS IN INVASION GAMES**  
Athletes from Victoria and Vancouver Normal Schools divided honors equally in the sports fixtures played here on Saturday. After the local women had taken the Vancouver women's basketball into camp by a score of 31 to 24, the mainland men returned with a 34 to 21 victory.

In badminton, the Capital's student-teachers registered a 13 to 7 victory after some close matches. The mainland grass hockey team, however, proved far too strong for the Victorians, scoring a 12 to 0 win. The swimming gala, scheduled to have been held on Saturday evening, was called off when the visiting students failed to provide a team. The Vancouver students were royally entertained at a splendid Valentine dance at the Normal School at the conclusion of the invasion.

## GROOMS DIED IN EFFORT TO SAVE HORSES

Four Stable Hands Refused to Leave Charges in Oakland Fire

M. McCarthy Lived Up to His Promise He Would Die For Prize Horse

Oakland, Cal., Feb. 10.—Stories of how the love of horses cost the lives of men who died in the flaming Oakland horse show stables yesterday, were muted only as their bodies were recovered from the ruins.

True to his promise he would die for Carnation Lavendula, Michael McCarthy, fifty-five, was crushed and burned to death while trying to lead the \$35,000 horse from the stables.

For three years, other stablemen said, he lived, ate and slept beside the prize horse of the Carnation farm stables of Pomona, Cal. A week ago, Paul Tarter, another hostler, revealed McCarthy said he would give his life to save that of Carnation Lavendula.

Tarter said he last saw McCarthy alive as he was trying to lead his loved horse through the smoke and flames. Their charred bodies were found side by side.

Another hostler, identified as "Big Harvey," negro, was crushed by a heavy timber near a string of horses. He was killed while trying to unleash the string, said Harold P. Ryan, stableman for Aaron M. Frank, Portland.

**A FUTURE ATTEMPT**  
None reported seeing John J. Thomas and George Uhling, the other victims, go to their deaths. But friends declared they undoubtedly gave their lives in a futile attempt to save their horses.

The grooms showed their devotion to their charges in a virtual madhouse of screaming and panic-stricken horses. Other stablemen tried to save the animals in their care.

But flames, once outside, raced back into the inferno when their blankets were removed from their heads. Others were so badly burned they were shot. All horses successfully led from the stables and kept from running back into the fire, were immediately taken away.

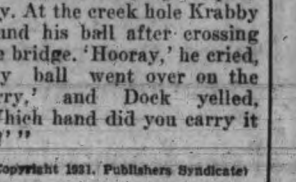

## CAPT. CAMPBELL MAY SEEK NEW MARK NEXT YEAR

Daytona Beach, Fla., Feb. 10.—Captain Malcolm Campbell, British holder of the world's automobile speed record, yesterday evening said he may return here next year to try to boost the rate of 245 miles an hour.

Campbell left here this morning. He will stop at Washington Wednesday to confer with American Automobile Association officials and to visit the resident, going to New York Wednesday and sailing on the Mauretania on Friday night.

## Walter Lindrum Catching Newman In Billiard Final

London, Feb. 10.—Walter Lindrum, Australia's crack cueist, yesterday continued the process of overthrowing his opponent in the final of the Empire tourney by leaps and bounds. His score mounted to 15,656 and included breaks of 1,796 and 2,583 points. Tom Newman, who started with an advantage of 7,000 points, while Lindrum started from scratch, wound up the day with 17,701. Lindrum was in play when the two men left the table. The final of the Empire billiards tourney is scheduled to end this week.

"I saw another big scrap today. At the creek hole Krabby found his ball after crossing the bridge. 'Hooray,' he cried, 'my ball went over on the carry,' and Dock yelled, 'Which hand did you carry it in?'"

# Dusky Canadian Track Star Scores Notable Victory

## Phil Edwards Runs Frenchman and U.S. Stars Into Ground

Flying Negro From Hamilton, Ont., Captures Special 1,000-yard Race at Newark, N.J. Competing Against Paul Keeler, French 800-metre Champion, and U.S. Representatives; Keeler, After Losing Nail on Toe, Finishes Fourth; European Lacks Knowledge of Indoor Running; Leigh Miller Beaten in Sprints.

Newark, N.J., Feb. 10.—The American debut of Paul Keeler, French 800-metre champion, has proved no more of a success than that of his compatriot, Seraphin Martin, world record holder at the same distance. Keeler, with no previous experience in running indoors on an unbanked track, finished no better than fourth in a special 1,000-yard event in the Seton Hall College games here yesterday evening.

## BOBBY EBER ADMITS HE TAKES DOPE

Former Canadian Bantam-weight Champ Convicted in Court on Vagrancy Charge Tells Judge Drugs Have Ruined Him; Knocked Out Here By Tommy Fielding

Hamilton, Feb. 10.—Just a few short years ago, Bobby Eber, one of the "bad news" boys who ever drew a glove, delighted thousands with his exhibition of speed and cleverness. He met them all. All the world was his friend; nothing was too good for his friends. Money poured in, and for it all, Bobby gave full value. And, in turn, the money poured out.

Yesterday, Bobby Eber, once Canadian bantamweight champion, stood in the prisoner's dock here. He was charged with vagrancy. It was not the same Bobby Eber, who, in the Coliseum at Toronto, won the title over the ten-round route from Vic Foley of Vancouver. It was not the same Bobby who, that night, was nearly knocked out by Foley in the early rounds, only to come back with a finish that would not be denied, and slug out a decision over the Vancouver flash.

Yesterday, Bobby was thin and pale. He trembled as he weakly replied "Not guilty." He explained to Magistrate Burbridge that he was not a vagrant. He had made thousands, he pointed out, and had given them away. Drugs had brought him down to this. "Why did you take drugs?" the magistrate asked. "I don't know," replied Bobby. Eber was convicted, and taken to the cells to await the sentence of the court.

Bobby Eber fought in Victoria a couple of years ago at the Sons of Canada Hall and was knocked out by Tommy Fielding, at present making a tour of Australia. The Victoria fighter was the first one to ever score a knock-out over Eber. When Eber was visiting here at that time it was rumored he was a victim of dope.

## Racing and Catsup Mogul Passes Away

New York, Feb. 10.—Jefferson Livingston, whose catsup made him a millionaire and a prominent turf man, died yesterday at the Hotel Plaza here. He was sixty-eight.

Livingston retired from catsup manufacturing several years ago to devote his attention to his large breeding stable, now at Miami, and a string of horses known to race enthusiasts throughout the country.

Lacking knowledge of how to handle himself on the turns, where he was badly jostled and handicapped in addition to an injury to his right foot, the Frenchman never was a contender in the race which Phil Edwards, flying negro star from Hamilton, Ont., won in the last time of 2:17 9-10. Frank Norvell, New York University freshman, was second and Charlie Thompson of New York, third.

KEELER LOSES NAIL  
In an early jam the nail of the big toe of Keeler's right foot was ripped off and the Frenchman was limping badly at the finish. The injury was painful, but not serious, and Keeler will go through with the balance of his engagements in this country. The 1,000-yard special was the highlight of the meet but there were several other events of more than ordinary interest. Bill Brudner, Newark Athletic Club dash man, conquered Ira Singer, New York University, and Leigh Miller of Canada, in all three races of the sprint series. Eber, McCaffery, Holy Cross quarter-mile, ran the Waldron 600 yards in 1:15 4-10 to beat Eddie Roll, Newark A.C., and avenge a victory the Newark specialist secured over him last year in the same event.

Gus Moore, of the Brooklyn Harriers, turned in his sixth consecutive triumph of the season in the two-mile handicap in which Leo Leonard, Boston A.A. distance ace, could finish no better than fourth.

## MONARCHS AND BUDS TO MEET

Second Place Team Has Chance to Go Into Place Tie in Roller Hockey To-night

With a chance to go into a tie with the league-leading Rosebuds in the intermediate roller hockey league, Monarchs, second standing team in the loop will be in full strength in the feature fixture at the Gray Line rink this evening.

The Monarchs have won six games and dropped one, while the Buds have captured seven straight. This evening the Monarchs hope to bring an end to the victorious march of the Buds in order to go into a tie for first place.

The game will start at 7:30 o'clock and will be followed by a senior encounter between D. W. Burnett's squad and Plimley & Ritchie.

The line-ups follow: Woodford, Holmes, B. O'Connor, B. Crump, B. Sparin, J. O'Connor, S. White and G. Smith.

Rosebuds: J. Baker, G. Jones, W. Ruby, S. Scott, G. Murray, A. Murray and Scott.

D. W. Burnett's Smith, Gellings, Cox, Hebdon, Young, Attwood, McAllister, Chambers, Morrison and Fish.

Plimley's—Banks, J. Carlow, Pellett, R. Carlow, Taylor, Thompson, Wallace, Bosson and Shoultice.

**LEAGUE STANDING**  
Standings of teams follow:

**SENIOR LEAGUE**  
W. L. D. Pts

Maple Leafs . . . 0 7 0 0

## English Team Wins Cricket Match With Orange Free State

Bloemfontein, South Africa, Feb. 10.—England won the cricket match with Orange Free State to-day by an innings and 217 runs. Peebles, the English bowler, polished off the Orange Free State batsmen to-day in fine style to make the hollow victory possible. He took six wickets for 50 runs. Scores were: England 492, Orange Free State 148 and 127, aggregate 275.

## Patto Takes Two Nine Counts But Rallies to Win

Pittsburgh, Feb. 10.—Johnny Patto, 125½, Cleveland, won a ten-round decision over Jackie Rodgers, 124½, Pittsburgh negro, here yesterday. After Rodgers had floored him for counts of nine in the second and fourth rounds,

Over Rochelle

## PLAYS WELL

DIANA FISHWICK

St. Augustine, Fla., Feb. 10.—Diana Fishwick, British woman golf champion, shot an 81 over a rain-soaked course on her first round in the United States here yesterday.

Playing with Johnny Farrell, Fishwick, who is a first-class golfer, the British girl coupled a 41 and a 40 for her card. Farrell shot a 73.

## HENRY COTTON PROTESTS ON TEAM RULING

British Ryder Cup Golf Team Member Objects to Traveling Regulations

Team Must Go to U.S. Together and Return in Same Manner; Threatens to Quit

London, Feb. 10.—The Professional Golfers' Association of Great Britain received a protest from Henry Cotton, one of the foremost players, to-day against its rule that the members of the Ryder Cup squad, which goes to the United States in June to defend the international trophy, must travel together and return in the same manner. Cotton, one of the leading British pros, and a member of the 1929 squad which won the cup from the United States, wrote to the Professional Golfers' Association, saying that if the rule was continued he must ask that his name be withdrawn from consideration.

Cotton said he was quite willing to charge by the other conditions. He said he would be glad to travel in charge of the test matches picked Cotton to play in the first trials at Birmingham.

## Canadian Speed Skaters to Seek Important Titles

Saranac Lake, N.Y., Feb. 10.—One hundred of the foremost skaters have gathered here to vie for honors in the annual North American speed championship races which opened to-day on the Pontiac rink.

Most of the greatest ice speed skaters of United States and Canada have entered the various events. Among the leaders are Ross Robinson, Toronto; Frank Stack, Winnipeg; Alex. Rutherford, and Marion S. McCarthy, Edmonton.

## Trail Wins

Trail, B.C., Feb. 10.—In the first States game for the junior hockey championship of West Kootenay, Trail yesterday evening defeated Nelson 7 to 2 in a luller game. Lack of practice accounted for Nelson's beating.

## Peden and Elder Holding Twelfth Place at Chicago

Chicago, Feb. 10.—William Peden and Elder, the Canadian team, were in twelfth place in Chicago's twenty-fifth international six-day bicycle race at the end of the twenty-sixth hour. Freddie Spencer, Plainfield, N.J., and Norman Hill, San Jose, Cal., were leading the race.

## Fuller Awarded Technical Kayo Over Rochelle

Boston, Feb. 10.—Sammy Fuller, Boston lightweight, scored a six-round technical knockout over Bruce Flowers, veteran New Rochelle, N.Y., negro, here yesterday evening. In the Argonne A.A. feature contest, slated for ten rounds, Fuller's attack in the opening round put Bruce on the verge of a knockout and he continued distressed until Referee Jack Sheehan stopped the contest. Fuller weighed 135½; Flowers 145.

## Donie Bush Builds His Hopes On Bunch Of Young Recruits

Veteran Manager of Chicago White Sox Banking on New-comers to Put Club in Commanding Position in American League Ball Race This Season; Long Home Stay at Start of Season and New Ball Will Help Team; Bush Fears Athletics and Picks St. Louis in National.

Chicago, Feb. 10.—Donie Bush, dynamic field general for the White Sox, has been in baseball too long not to know that pennant dreams bloom and fade in morning-glory fashion, yet new hopes swelled within him as he came to Chicago for a final conference before heading south for the spring training camp.

"All I ask is a fair share of books and that Al. Thomas's throwing arm is back in shape," Donie said. "We've got a great bunch of promising youngsters who should help plug up holes in the infield, the catching will be better and the new ball will help because its going to prove that a lot of the home run hitting the pop fly artists. Added to that is one break in the fact we will have a long home stay right at the start of the season—just that right thing for a young hustling club like the White Sox."

"I don't mean to say that we're going to win the pennant, but I do say that we're going to have a say in who's who in that race, and will be fighting all the time for a good first division position."

**FIVE NEW PLAYERS**  
Five new additions carry Bush's hopes for giving his machine the punch and power to go places. They are Fred Ehrhardt, an outfielder who batted 350 for New Orleans last season; Ray Radcliff, a first baseman from Dallas, who led the Texas League last year in batting with an average of .369; Catcher Frank Grube, named by sports writers as the best catcher of the International League last year, and a 346 batter; Luke Appling, a nineteen-year-old infielder who jumped right out of Oglethorpe College last year and made good with the Atlanta club as a regular shortstop and a dangerous hitter, and Vic Frazier, the young pitching find from Dallas, who failed to show up for the White Sox in 1930 because he was "scared" of the major leaguers.

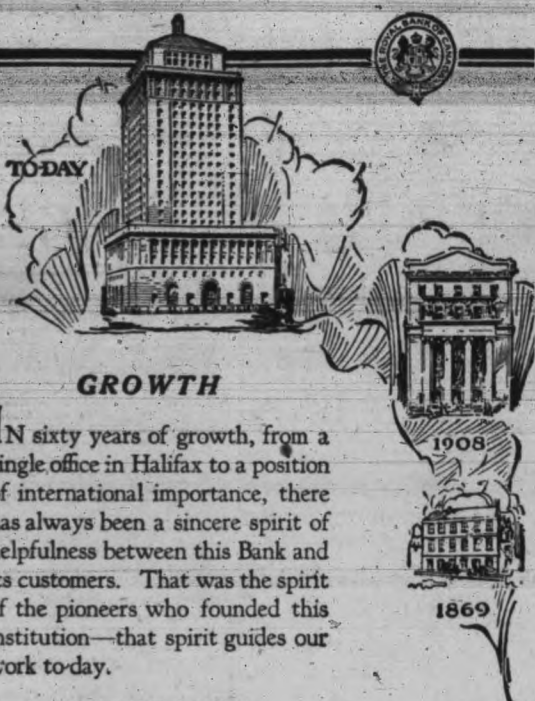

From all reports, Bush said, all his regulars, including Thomas, are in good physical condition and eager to start.

Bush believes the Philadelphia Athletics again will be the team to beat for the pennant, while the St. Louis Cardinals will be hard to dislodge in the National League.

Even if the Athletics have only Grover Cleveland Alexander, that's about enough," Bush explained. "Those two fellows can beat anything. But Detroit looked very good—fast and speedy—toward the last season and may get some place, the Yankees be tough if they get pitching. Washington's hopes rest a lot on how Judge Rubeen can plug up the holes in the infield. I can't see anything but the Cards in the National League."

**FEARS ATHLETICS**  
From all reports, Bush said, all his regulars, including Thomas, are in good physical condition and eager to start.

## GROWTH

IN sixty years of growth, from a single office in Halifax to a position of international importance, there has always been a sincere spirit of helpfulness between this Bank and its customers. That was the spirit of the pioneers who founded this institution—that spirit guides our work to-day.

### Big Eaters Get Acid Stomach

Disrupted Magnesia Neutralizes Acidity, Keeps Stomach Clean and Digestion Perfect

If you're a hearty eater: if you must have three big meals a day, eat them. But after each meal be sure to neutralize the dangerous acids that your food forms in the stomach, says a noted authority. When your stomach is overloaded, the food contents soon sour and develop acid that practically paralyzes the stomach's activity long before the work of digestion can be completed. Then the stomach becomes weak and "cranky" and you are a daily sufferer from indigestion, gas, sourness, bloating and after-eating pains. Your appetite goes—you're sick and whirly—and what used to be the joys of a hearty meal become a menacing nightmare.

To quickly neutralize this dangerous acid: to cleanse and sweeten the stomach; to help the stomach take care of a hearty meal without pain or distress, so to your nearest drug store and get a little pure Disrupted Magnesia (powder or tablets) and take in a little hot water just after meals. You'll be amazed how quickly this simple treatment works.

Disrupted Magnesia is a powerful but harmless anti-acid and stomach corrective used by thousands of folks every day with the happiest of results.

(Adv.)

## FALSE TEETH ARE A GREAT INVENTION but KEEP YOUR OWN AS LONG AS YOU CAN

False teeth are worn in thousands of mouths today because these simple rules of health were almost unknown a few years ago

## Ten years too late most people seek Protection

The greatest mistake you can make is to wait until gums are swollen and spongy before you begin to think of pyorrhea. A famous British doctor states that many people have this disease for ten years before the symptoms appear.

And pyorrhea is to blame for half of all adult teeth extracted. Protect yourself now from this disease of neglect. You should, of course, see your dentist twice a year.

And, in addition, keep teeth clean—massage the gums—with Forhan's, the dentist's dentifrice. It was originated by R. J. Forhan, D. D. S., a specialist in pyorrhea.

Brush your teeth at least twice a day with Forhan's, for it is a mild, safe, scientifically correct cleanser, which

restores your teeth to their natural gleaming beauty.

At the same time, use Forhan's for massage (full instructions with every tube). It is specially prepared to tone up the gums when applied with gentle rubbing, and to awaken sluggish circulation. The health of the gums depends on this circulation. Only when they are firm and strong can they hope to resist infections which bring such trouble to almost every adult later in life.

Here, then, is double protection in Forhan's—a protection which every member of the family should have. Adopt Forhan's as your dentifrice; it comes in two sizes, 35c and 60c—just a few cents per tube more than ordinary toothpastes, and exceedingly well worth it. Forhan's Ltd., Montreal.

## FORHAN'S FOR THE GUMS

Every mouth may have pyorrhea  
and at 40 the odds are

## TO OPEN SYNOD HERE TO-NIGHT WITH EVENSONG

Special Service This Evening  
Will Start Thirty-first Anglican Gathering

Changes in the constitution of the Synod of the Diocese of British Columbia will be effected during the thirty-first meeting, which will open at the cathedral this evening with evensong service at 8 o'clock.

Principal among the amendments will be alterations in the requirements for representation. The minimum fee for marriage is expected to be set at \$5 during the meeting. Consideration will also be given a resolution preventing the purchase of buildings for church purposes until they have been inspected by the representative of the bishop and the executive committee.

Clergy and laymen delegates will be present from the rural deanery of Victoria, including all points on the lower island and islands in its territory, the rural deanery of Nanaimo and the rural deanery of Comox.

At the function this evening the Archdeacon of British Columbia will preach. The choir will be specially augmented for the function.

**PROGRAMME**  
Following the opening this evening, the sessions will continue as follows:  
**WEDNESDAY, FEBRUARY 11**  
 9.15 a.m.—Holy Communion in Christ Church Cathedral. This service is intended for special members of the Synod and the Bishop hopes to join in it with the largest possible number.

10.00 a.m.—First meeting of Synod in the Memorial Hall.  
 1.00 p.m.—Luncheon in Memorial Hall.  
 2.30 p.m.—Second meeting of Synod and its Vocation (Lambeth report).  
 8.15 p.m.—Conference on "Youth."  
**THURSDAY, FEBRUARY 12**  
 8.00 a.m.—Holy Communion.  
 9.30 a.m.—Matins.  
 10.00 a.m.—Third meeting of Synod in the Memorial Hall.  
 1.00 p.m.—Luncheon in Memorial Hall.  
 2.30 p.m.—Fourth meeting of Synod.

The sessions will continue as follows: If the business is not completed by Thursday evening, the Synod will continue on Friday with the same arrangements as the preceding day. Chief officers are: Rt. Rev. C. de V. Schofield, The Lord Bishop; The Very Rev. C. S. Quinlan, Dean of Columbia; Ven. P. Laycock, The Archdeacon of Columbia; L. Crease, K. C., Chancellor; E. E. Wootton, registrar; Sir Richard Lake, K.C.M.G., treasurer; The Rev. Canon H. V. Hinton, Canon; The Rev. Canon F. W. Blankenbach, lay secretary.

### Committee Bucks On Appointment, Claiming Insult

Following refusal of R. T. Williams to entertain a report of the public works committee regarding appointment of an assistant plumbing inspector recently, the committee yesterday evening took a definite stand against recommending any appointments in the future.

A committee was asked to consider the appointment of a new member for the plumbing inspection board following resignation of J. A. Birnie, but Alderman J. L. Mara, the chairman, refused to consider it. "After that episode is finished," he said, "We won't be insulted."

A list of thirty-five master plumbers eligible for the position was submitted and the building inspection was instructed to ascertain which ones would be willing to serve.

### Deadlock Reached On Protest Against Undertaking Parlor

An impasse has been reached in the controversy over proposed location of a funeral parlors at the intersection of North Park and Quadra Streets, it was learned at the City Council meeting yesterday evening, and it may result in the council invoking legislative changes to gain powers for regulating sites of undertaking establishments.

The finance committee and city solicitor will consider the situation. Petitioners living in the area sought to prevent Mason Sands from erecting a building at the corner, but under zoning rules the city had no power to do so, and as a remedy an endeavor was made to have Mr. Sands take over a different site. The city land commissioner reported, however, that after viewing various city properties Mr. Sands was not satisfied and could not accept a switch. Legal advisers for the petitioners then asked for legislative intervention which would give the city power at all times to control the location of funeral parlors.

### Luxton

The postponed monthly meeting of the Luxton and Happy Valley Women's Institute will be held Thursday evening, February 12, at the home of Mrs. Mary Cooper, "Arbutus Cottage," Sooke Road.

A double christening ceremony took place Sunday afternoon at the Reformed Episcopal Church, when Rev. A. B. de Owen christened the infants of Mr. and Mrs. Robert Woodruff and Mr. and Mrs. Lionel LaBerge. They were christened Harold John Woodruff and Thomas LaBerge.

### Brentwood

The West Saanich Women's Institute held their fortnightly card party on Wednesday evening at the Institute Hall. Twelve tables were engaged in play and first prize was won by table No. 9 with 25 discs, the players being Mrs. R. J. Freeland, Messrs. H. Parker, W. O. Wallace and J. Roberts.

Tables Nos. 2 and 3 tied for second prize with 24 discs, the play off resulting in the following as winners: Mrs. Ward, Counsellor L. Hagan, Messrs. G. Bickford and H. Clow. Refreshments were served at the close of the game by the hostesses, Mrs. Wallace and Mrs. Ward. The next game will be held on Wednesday, February 18.

## Uncle Ray's Corner

## Wild Horses

In the Rocky Mountain region roam great numbers of horses—horses which are claimed by no man. They graze on whatever grass nature provides, and in winter they find what shelter they can. Some of them die from starvation.

In the state of Montana alone, it is estimated that there are more than 300,000 "wild horses," and at least half as many are believed to exist in the state of Oregon. Others are found in Utah, Nevada, Wyoming, Arizona and the Canadian Rockies. It is told, the number probably exceeds 1,000,000.

How have all these horses come to run loose? The story appears to commence with the Spaniards who explored the south-west four centuries ago.

So far as is known, there were no horses in either North America or South America when the whites arrived. Our records tell us that the Indians were frightened when they saw Spaniards riding on the backs of large, four-footed beasts.

When Coronado left Mexico to explore the Rocky Mountain region and the plains, he took with him a goodly number of horses. Some of these escaped from camp. Horses also escaped from the camps of other Spanish explorers. The famed "Indian ponies" are believed to be the offspring of horses brought to the continent by Spaniards.

Even during the past century, thousands of horses have escaped or have been set free from ranches, and have mingled with "wild horses" of the mountains.

Horses which have escaped from the

care of man are wild in one sense; but horses whose ancestors were never tamed appear to exist now only in Mongolia.

We know that during the Stone Age in Europe, thousands of wild horses roamed around. Great herds of bones—some of them split open to obtain the marrow—have been found in France and elsewhere. Drawings of horses have been found in caves which were once used as homes by Stone Age people.

To-morrow—Telling a Horse's Age.

## Local Players Will Present Galsworthy Drama Two Evenings

## Mimes' and Masquers' Guild to Play "The Pigeon" Friday and Saturday at Shrine

John Galsworthy has been called "the champion of humanity," and that might also describe Christopher Wellwyn, the main character of "The Pigeon," which will be presented by the Mimes' and Masquers' Guild at the Shrine Auditorium on Friday and Saturday. Wellwyn is an artist of easy-going disposition, ever ready to help his less fortunate fellow-man, particularly if he can be wheedled with some pathetic tale. His saving sense of humor allows him to enjoy life, even when his friends make a pigeon of him, and disappoint all his efforts to reclaim them.

Between Wellwyn and Ferrand, the other main character of the play, there is an instant sympathy, when the latter comes asking for shelter in the artist's studio on Christmas Eve. Ferrand is one of the most original characters Galsworthy ever created. He is a Frenchman, a tramp, a rolling stone, something of a philosopher, and, above all, an agreeable talker. He has an ironic sense of humor and a French capacity that is very engaging. It is he who explains to Wellwyn that it is because of the latter's "understanding of the human heart" the outcasts of society find in him a friend.

The character of Wellwyn will be interpreted by Ira Dilworth, and that of Ferrand by Bert Bailey.

Waivers Asked On Two Forwards By Montreal Maroons

Montreal, Feb. 10.—Montreal Maroons of the National Hockey League have asked waivers on Al Huggins and Des Roache, forwards now playing with Windsor Bulldogs in the International League. The players have been on loan to the Windsor club. The Maroons have also asked for waivers on Lionel Comacher, defenceman.

When Maroons face New York Americans, here to-night, Elat Walsh will be in the net instead of Dave Kerr. While Dune Munro, manager, will play on the defence with the team being halted from the bench by George Boucher.

Teacher Attacked

On Island Highway

Special to The Times

Nanaimo, Feb. 10. — Miss Reay of Chase River, a teacher of Waterloo School, was attacked on the highway near Chase River on Sunday evening about 9 o'clock, when returning to her home from attending church in Nanaimo. Miss Reay had reached the part of the road near the old powder magazine when she was molested by a man who came up behind her. When she turned to face him, the man struck her, inflicting a cut on the side of the head. She was not further molested, the culprit making off in the dusk.

Daniel Dailey

Died Yesterday

Special to The Times

Nanaimo, Feb. 10. — The death occurred yesterday afternoon of Daniel J. Dailey, seventy-eight, at the residence, Newcastle Townsite, after a lengthy illness. He was an ex-elder of the United Church and had been carrying on business as a barber. He was a prominent Odd Fellow.

Three daughters survive him. Funeral arrangements are pending.

## INATTENTION TO LEGAL ACTION PROVED COSTLY

Correction of Erroneous Damage Claim Brings \$2,000 Award

Beer Parlor Owner Appeals Penalty For Ejecting Patron

The costliness of inattention to actions at law was well illustrated in the Court of Appeal this morning when the full bench opened hearing of Burgess vs. Borgard, an appeal by Borgard against an award by Mr. Justice Fisher of \$2,000 damages to Burgess as compensation for injuries suffered when ejected from a beer parlor conducted by Borgard.

The court was informed by G. F. H. Long, counsel for Borgard, that his client had found it necessary to eject Burgess from his premises at Cockatoo on September 28 last. A suit for damages for assault was instituted, the claim setting out the date of the occurrence as October 5, one week later. As no assault had occurred on that date no damages were entered.

Subsequently the plaintiff Burgess served a notice of intention to amend the statement of claim, but the service only consisted of filing the notice in the Supreme Court Registry. The notice did not come to the attention of Borgard.

There being no appearance for the defence, Mr. Justice Fisher entered judgment by default and when the assessment of damages was presented he permitted the statement of claim to be amended to show the correct date of the assault, September 28 being inserted in place of October 5. The damages were placed at \$2,000.

Mr. Long claimed that by so doing the whole nature of the case was changed and that the alteration having been allowed, notice of the change effected should have been given Borgard to enable him to enter a defence if he so desired.

The appeal was to obtain setting aside of the assessment of damages. Mr. Justice Martin commented that the case was unique, inasmuch as notice of intention to amend was given by filing, which was a legal procedure. Borgard had taken no notice.

Subsequently Borgard had appealed to Judge Fisher for permission to defend the action. His Lordship held that the defence had not been prejudiced by not being served with the amended statement of claim and had rejected the application.

The case is proceeding this afternoon, with C. K. Locke, K.C., appearing for Burgess.

The court referred to the foot of the list, hearing Rex vs. Chow Ho Poy, an appeal against a conviction under the Marketing Act. Judge Cayley fined Poy \$30 for having prevented an officer of the Interior Committee of Direction from examining his books regarding sales of potatoes. The hearing was deferred pending decision by the Supreme Court of Canada of a number of cases concerning the Marketing Act.

Rey vs. Zarelli was deferred until Thursday at the joint request of counsel. The appeal will follow that of Arbuthnot vs. Owen.

## OBITUARY

The funeral of Nellie Maud Fletcher took place yesterday morning at 10:30 o'clock from the Thomson & Pettifur Funeral Home, Canada F. A. C. Chaplain officiating. Many friends were in attendance and the casket and hearse were covered with beautiful floral tributes.

The hymns sung were: "Abide With Me" and "Lead Kindly Light." The following were pallbearers: J. P. Fitt, J. W. Phillips, F. A. Saunders and A. E. Holmes. Interment was in the family plot in Ross Bay Cemetery.

The funeral of Marion Mirro took place this morning at 8:45 o'clock from the Thomson & Pettifur Funeral Home, Canada F. A. C. Chaplain officiating. Many friends were in attendance and the casket and hearse were covered with beautiful floral tributes.

The hymns sung were: "Abide With Me" and "Lead Kindly Light." The following were pallbearers: Messrs. Brown, Thomson, Farrant and Branson. Interment was made in Ross Bay Cemetery.

Mrs. D. M. McCall, 1438 Vining Street, has received word of the death of her father, James Henry Graham, an old-time resident of Dundas County, who died at his home at Mountain, Ont., early on Saturday in his seventy-second year, after an illness of one year. The funeral was held yesterday afternoon at his home with burial at North Gower Cemetery. The mourners are his second wife, Mrs. Elizabeth Laing Graham; two daughters and two sons, Mrs. Fred D. Birmingham of Calgary, Alberta, Mrs. D. M. McCall of Victoria, Roy at Mountain, Ont., and Elgin at the old home in the vote. The immediate mourners are his wife, Mrs. D. M. McCall, four grandchildren, two sons and three brothers, W. J. Christie, who is spending the winter in this city, is a nephew.

The monthly meeting of the Fairfield Young Ladies' Service Club was held yesterday at the home of Miss Thea Schroeder, 1200 Crescent. The president, Mrs. Hugh Nixon, was in the chair, with twenty ladies present. During the evening a considerable amount of business was discussed. A concert will be given under the auspices of the club by Mr. and Mrs. Raymond D. Forrest, pianists of Vancouver, and Mrs. Calhoun, violinist, also of Vancouver. These musicians will be assisted by local artists. This programme is to be held in the Fairfield United Church on Tuesday, March 24. A very interesting programme followed. Miss Thea Schroeder gave a delightful travel talk on her recent trip to Europe and the Mediterranean, which was thoroughly enjoyed by those present. Refreshments were served by several members of the club.

## NEWS IN BRIEF

City health statistics show there were seventy-two births, fifty deaths and fifteen marriages here last month.

All voters who failed to vote at last provincial election were struck off the list. It therefore is necessary for them to re-register at the courthouse.

Ward Seven Ratepayers Association will meet in the Tillamook School on Friday evening at 8 o'clock. Officers will be elected.

The zoning committee of the City Council yesterday evening was named legislative committee on changes in the legislation affecting the city at the coming session of the House.

Mayor Louis B. Taylor of Vancouver is expected to arrive in the city today for the new exhibition ceremonies.

Hearing of the police court charge against Branson, Brown and Co. of fraudulent conversion of shares, was this morning set for next Tuesday before Magistrate George Jay.

A meeting of Ward One, Victoria Liberals Association, will be held at the Liberal rooms to-morrow night at 8 o'clock. A big attendance is expected.

Charles A. Cottrell, general superintendent, Canadian Pacific Railway, with headquarters at Vancouver, arrived in this city to-day with Mrs. Cottrell. They will attend the opening of the Legislature to-morrow and will also be guests at the Government House to-morrow evening.

An average of forty-five men have been employed steadily on the work of erecting the new exhibition buildings at the Willows Grounds, Building Inspector James Barr reported to the City Council yesterday evening. The excavation is completed and the concrete foundation now in place and a start made on erection of the superstructure.

The Spanish Court of Revision of the assessment roll yesterday considered about one-half the appeals filed and deferred consideration of the remainder until Thursday evening at 7:30 o'clock. Rulings on all the appeals regarding agricultural lands, which were heard yesterday, were deferred until the next meeting of the court.

With Chief Justice Macdonald dissenting the British Columbia Court of Appeal yesterday afternoon dismissed the appeal of Sunder Singh vs. Ghurid Singh. It was held that insufficient grounds had been presented for disturbing the ruling of the lower court, which dismissed an action by Sunder for damages for malicious prosecution, instituted after his acquittal of having stolen a cheque for \$100 from Ghurid.

It is a rare occasion for three generations to become members in the same fraternal lodge, but at a meeting of the Victoria Lodge No. 2, J. O. F., last Wednesday evening degree team from the grandfathers of the lodge will perform the initiatory ceremony on the sons of one of its members. This novel feature should prove a drawing card, and it is anticipated that there will be a large turnout of members, as well as many visitors from the other two lodges, who have signified their intention of attending.

The important hearing that the condition of the teeth has upon the general health of the individual is to be brought to the attention of the people of this province in a forceful way in a sixty-day campaign beginning about March 1. In every part of B.C. addresses will be given, stories told, films and lantern slides shown, and illustrated pamphlets distributed, all teaching the great lesson that sickness and suffering and even death may be caused by the neglect of the teeth. This work will be done by the dental service organizations of the community are expected to co-operate.

At the monthly meeting of the Dickens Fellowship yesterday evening, some interesting reminiscences were recalled when C. C. Pemberton read a short paper upon the original formation of the Dickens Club and Fellowship on February 12, 1912. The day of its inception was also the centenary of Dickens's birth, February 7, 1812. Among the names recalled were Dr. D. H. Maudslayi, John Dean Blackmore and Pemberton; Messrs. McKim and Lord, and Miss C. Fox. Some were present at the meeting and some have passed on. A. W. Arup outlined a programme for the promotion of the fellowship's aims and objects, and was requested to present it at the next meeting. Douglas Mackay gave a short interesting account of the nursing home started by Charles Dickens, a fact not generally known. Quotations as to further study of "David Copperfield" took place. An interesting discussion terminated the meeting.

The monthly meeting of the Fairfield Young Ladies' Service Club was held yesterday at the home of Miss Thea Schroeder, 1200 Crescent. The president, Mrs. Hugh Nixon, was in the chair, with twenty ladies present. During the evening a considerable amount of business was discussed. A concert will be given under the auspices of the club by Mr. and Mrs. Raymond D. Forrest, pianists of Vancouver, and Mrs. Calhoun, violinist, also of Vancouver. These musicians will be assisted by local artists. This programme is to be held in the Fairfield United Church on Tuesday, March 24. A very interesting programme followed. Miss Thea Schroeder gave a delightful travel talk on her recent trip to Europe and the Mediterranean, which was thoroughly enjoyed by those present. Refreshments were served by several members of the club.

## Bulls Again Run Away With Grain Markets

The bulls ran away with the grain markets again today, shooting prices relentlessly upwards all along the line. At the end of the day the bears were left gasping.

At midsession the bulls brought out and broadcast the rumor that the revolution had broken out in Russia. When this report was put on the boards of the commission houses throughout the country, it brought buying orders from the public with a rush, and prices shot forward again.

The revolution report was later denied by non-market sources, but the public traders thought that the long side of the market was the only place for them to be if there were going to be any revolution in Russia and so the buying swelled up.

"This market is going higher than most of them think possible," said H. W. Laird, market expert, in his analysis today. "A big two-months' bottom has been put in in Winnipeg wheat and this will support quite a rise. For the next day or so there may be a setback, as we have had five days straight up without a break, but the market should be bought on all breaks."

Minneapolis, Feb. 10.—Spring wheat territory has not received sufficient moisture to afford material relief from dry soil conditions.

Kansas City, Feb. 10.—Southwest generally is without snow protection and all vegetation, trees and shrubs are so far advanced owing to the mild weather, that fears are expressed for their safety.

Montreal, Feb. 10.—Flour millers have advanced prices ten cents a barrel on first and second patents and strong bakers.

## WINNIPEG

(By Logan & Bryan)  
Winnipeg, Feb. 10.—Wheat: Prices during the first period this morning made gains of 1 1/2 to 1 3/4 above the close last night with considerable buying going on, speculative buying through commission houses and some buying of the deferred futures by Chicago interests. On the bulge, however, the market met heavy liquidation by longs and other selling pressure from different interests which filled up the demand after which the market eased off to around the original figures.

Around midsession an unconfirmed private report was received from New York stating that Wall Street had received cables that a revolution had broken out in Russia. This immediately had an electric effect on the market. Shorts again started covering, early sellers were reinstating their lines, while there were some fairly large buying orders received from the south and east, which took care of the offerings.

The report of the revolution could not be confirmed from any source up to the close of the market, but it appeared to make it doubtful, but the market held very strong. Chicago new crop wheat was also very strong, and corn was higher, while the New York stock market had another bullish session.

There was a rise in demand for cash wheat but only odd cars were coming out, but buyers were not particularly anxious and spreads were unchanged to 1/4 better. There was just a moderate export business worked over night around 300,000 bushels. Many are of the opinion that the Winnipeg market is advancing too rapidly as other markets are not following and our export business is being checked. Winnipeg futures closed within a fraction of the best prices of the day.

Coarse grain: The strength in wheat helped the coarse grains but they only partly followed the upturn in wheat. There appears to be fairly liberal offering of the coarse grain on the bulge, part of which is believed to be coming from the pool. Cash market still remains quiet.

Oats closed 1/2 to 1 1/4 higher, barley 1/2 to 1 1/4 higher and rye 1 1/2 to 1 3/4 higher.

Flax: This market was firmer in sympathy with the strength in wheat, but there was very little going on. Closing prices 1 1/4 to 1 1/2 higher. Liverpool due 1 1/2 to 2 higher, based on Winnipeg.

## Canada Tourist Trade \$315,000,000 In Year

Canada's balance of international payments for 1930 is estimated for the first time by the Financial Post Year Book, 1931.

The figures show many important changes from the last official estimate prepared by the Dominion Bureau of Statistics for 1929. One of the most important features of the 1930 compilation is that tourist trade in 1930 is found to have actually yielded more revenue to Canada than in 1929, despite the current belief to the contrary. Tourists are estimated to have enriched Canada by \$315,000,000 in 1930 as against \$299,000,000 in 1929.

Apart from normal growth, the most striking changes between 1929 and 1930 are the remarkable increases in Canadian interest receipts from investments abroad, which were \$9,000,000 in 1929 and \$95,000,000 in 1930, and the com-

plete change in the tourist trade. In 1929 the tourist trade was small, and Canadians travelling abroad spent in the aggregate, more than foreign tourists in Canada. In 1930 tourists in Canada spent a total more than three times the amount as the expenditures of Canadian travellers abroad. The expenditures of foreign tourists in Canada practically balance the entire interest and dividend requirements of the \$6,375,000,000 of foreign investments in Canada.

The tourists trade in 1930 is thought to have been greater than 1929 in point of numbers, though expenditures per capita were perhaps slightly less. It is believed, however, that the total receipts showed about a five per cent increase. On the other hand, Canadians have not gone abroad in so great numbers and their expenditures have been appreciably reduced.

The tourists trade in 1930 is thought to have been greater than 1929 in point of numbers, though expenditures per capita were perhaps slightly less. It is believed, however, that the total receipts showed about a five per cent increase. ## REMODEL THE BATHROOM AT VERY LOW COST

HERE is a new tile finish for remodeling old bathrooms. Chromite covers up old cracked and discolored plaster walls and gives the identical beauty and smartness of bathrooms in the most lavish and costly homes. It is equal in beauty to expensive genuine tile—but with this difference: the cost of remodeling with Chromite is exceptionally low. It may be fitted around fixtures, corners and difficult contours with remarkable ease.

Permanently beautiful, Chromite will not crack, scale, chip or discolor, and a damp cloth removes all traces of dirt from its even, gleaming and lustrous surface. It is made in sheets on a non-corrosive metal base to which is baked a flint-like hardness the permanent tile finish. Our Chromite exhibit is worth seeing. Phone and a representative will call and show it to you; also measure your bathroom and give you an estimate of cost without the slightest obligation.

Colors are lovely two-tone shades of green, orchid, canary-yellow and blue and also solid colors of ivory, black and orange with a variety of distinctive border designs.

## NO END YET SEEN BY BANK TO FALL IN COMMODITIES

Toronto, Feb. 10.—There is no certainty that the dramatic weakening of the general commodity market, witnessed during 1930, is coming to an end, according to the review just issued by the Canadian Bank of Commerce.

At the same time, comparative firmness in wholesale prices and new business sufficient to offset decline in other branches is noted.

"Traditionally all markets continue to be overloaded with supplies," the review states, "and there has not yet been a general increase in buying volume such as to effect much reduction in surplus stocks. The recent steadiness appears to be due principally to efforts during the last few months by producers of raw materials to bring future production into line with demand."

In dealing with Canadian activity during 1930, the review points out that the output of industry as a whole was about equal to that of 1927, and that from preliminary reports it would seem that world manufacturing contracted to the level of 1925.

"The production of Canadian industry at a comparatively satisfactory rate was not, however, uniform throughout. The good general record was due mainly to improvement in conditions affecting a few industries, such as radio, the fairly even operations in other, such as certain silk mills, and to a decline from 1929 of only 8 per cent in the output of newspaper mills.

## GYPSUM OFFERS GOOD RETURN NOW

It is very seldom these days that a company goes out of its way to take its shareholders into its confidence and place facts before them that give a very clear picture of the position of the company. Consequently the management of Gypsum Lime and Alabaster Canada Limited, should be congratulated on its policy in this connection.

R. E. Haire, president of the company, informed the shareholders that Gypsum Lime and Alabaster commenced 1931 in the strongest position in its history, and that earnings for 1930 will be more than sufficient to cover the current 20 cent annual dividend rate. It is expected, therefore, that the company will show the equivalent of close to \$1 a share earned.

At present prices, Gypsum Lime and Alabaster company affords a return of about 7 1/2 per cent, and in view of the progressive policy of the management, as well as its strong financial position, the shares would appear to offer excellent possibilities to the patient holder.

## Nesbitt, Thomson Co. Appointment Is Made

R. H. EDGELL

An item of interest in financial circles is the announcement by Arthur Nesbitt, manager of the Victoria office of Nesbitt, Thomson and Co. Ltd., of the appointment of R. H. Edgell as a representative of the firm.

Mr. Edgell is well known in Victoria, where he has resided for nine years, coming here to the office of the Bank of Montreal, with whom he was employed for a period of ten years. In 1926 he left the bank to join the bond department of Pemberton and Son, and has been actively engaged with them since that time. News of his new appointment will be well received by his business connections.

Nesbitt, Thomson and Co. are to-day one of the outstanding firms in the investment banking business in this country. Established some twenty years ago with head office in Montreal, they now operate ten branch offices in the principal cities. They act as fiscal agents for a number of Canadian public utility companies and through their efforts are responsible for a large part of the industrial growth in this country during the last decade.

## Moody's Declares Wage Cuts Unlikely

A thorough readjustment of wages and rents before the current depression has run its course is neither possible nor essential, in the opinion of Moody's Investors Service, which declares that, although wages have been scaled down in most depressions, the decreases in recent times have been much less than the lower cost of living permitted.

"Living costs are almost invariably extremely slow in following widespread price down," the analysis says. "This is due partly to slower relative movement of finished goods prices, especially at retail, and partly to such inflexible items as rent."

"Rents have climbed nearly steadily over the past half century, in spite of all depressions (except that of 1876-79). The first real decline in rents which began in 1925 was in respect of the business cycle and was rather the result of excess building."

"Wages have a long term rising tendency as compensation for more productive effort per man and machine. The relative stability of wage scales is not the chief reason for lower profits in depressions, which are attributable to a variety of other causes, including changes in human psychology affecting prices and demand."

"Perhaps the best proof that wages are not the whole crux of the problem may be found in their behavior after recovery sets in. They usually continue to fall for several months." Comparatively little mention has been made of the salary problem in discussions of general wage cuts, the service points out.

"The rising trend of salaries is even sharper than that of wages over a longer period and this is even more keenly felt in depressions," Moody's says. "Yet any suggestions for their reduction would be vigorously opposed on the ground that it would delay recovery."

"Efforts of salaried employees to maintain current salary levels by increasing their own efficiency may act as a powerful impetus toward recovery of business."

Moody's gives the following comparison between declines in wages and in cost of living during major depressions in the United States from peak to bottom of movement:

Period	Cost of Living	Wages
1893-1894	4.4	10.9
1907-1908	5.4	10.9
1920-1921	25.9	14.5
1929-1930	10.5	4.2

\*Basis increase. \*Accompanied by 1934.

†To November, 1930, only.

## OUTLOOK STILL OBSCURE, BANK OF MONTREAL SAYS

The year 1930 closed with a moderately good holiday trade and the new year opened with seasonal activity greater than in December but less than in January of the last three years. Persistent low prices of commodities discourage buying other than for immediate requirements, and obscure the outlook, but the process is proceeding of adjustment of costs to the lower scale of prices, and when this important factor has been established, confidence should be restored and a freer movement follow, comments the current Business Summary of the Bank of Montreal. As yet, however, the indices of trade do not display an upward trend, car loadings, bank clearings, all sign commerce, note circulation, all making unfavorable comparison with a year ago. The important commodity wheat has kept low in price, and the price of wheat has a bearing on that of all other grain products. The great store of the cereal accumulated in Canada, is however, being diminished more than 100,000,000 bushels having been exported since August 1. Current prices of many basic commodities, being below costs of production, may reasonably be reckoned to have touched bottom, and the natural remedy of restriction of production is already being supplied in some instances.

During the past month New York funds have ruled at a premium approximating the gold shipping point and several shipments of gold have been made to New York. Sterling and European currencies have fluctuated generally with New York funds, except Pesetas, which have declined from 10.26 to 10.27, and Swiss francs, which declined from 19.59 to 19.41. The high grade bond market has shown an appreciable firming tendency during the past month, and following the further reduction in the New York Federal Reserve rate short-term obligations in the gilt-edged list have been in keen demand.

Reviews of the year's developments accentuate the unchecked progress of mining in Canada in 1930, for while pure declines have reduced the value of the output, production was greater than ever before. Gold, silver, copper, lead and zinc made new high records of output, that of gold reaching \$43,000,000, while the erection of refineries gives larger employment to labor, retains capital in Canada, and manifests confidence in the continuity of mineral production.

## N.Y. Market Gossip

Lincoln Printing Company in 1930 earned \$3.03 a common share, against \$2.69 a share in 1929.

Illinois Manufacturing Company of Illinois in 1930 earned \$5.72 1/2 per cent preferred share, against \$2.02 a common share after preferred dividends in 1929.

Standard Oil of Ohio to build an asphalt plant at Toledo costing between \$750,000 and \$1,000,000.

Strauss National Bank has acquired, effective to-day, business of Franklin Bank in New York City, and the latter is to be liquidated, according to S. J. Strauss, president of Strauss National.

Babson says that for gradual growth he commends for the long pull Columbia Gas and Electric at current prices.

Statement of Standard Oil of Nebraska of December 31, 1930, shows total assets of \$7,951,880, against \$8,090,306, and surplus of \$2,584,136, against \$2,588,772.

Senate and House conferees approve \$20,000,000 drought loan compromise plan.

Regarding soldier bonus proposals, Secretary Mellon in a brief statement stated no compromise measure is being suggested to the Treasury up to the present time has received its approval.

Western Maryland fourth week of January gross \$452,961, against \$531,288 in like week of 1929. Month of January gross \$1,360,377, against \$1,562,927 in January, 1929.

General Motors distributes \$8,706,937 to 26,009 employees who invested in saving and investment fund class of 1923, consisting of \$3,422,945 in cash and 149,388 shares of General Motors common stock.

Irving Fisher's wholesale commodity price index 76.4 for week ended February 6, against 77.3 in preceding week.

Irving Ait. Chute Company year ended December 31 net profit \$241,798 after charges and taxes equal to \$11.14 a share on \$11,000,000, against \$452,672 or \$21.4 a share in 1929.

## CANADIAN GOLDS INTEREST MEEHAN

"Mike" Meehan, the well-known speculator of the firm of M. J. Meehan & Company, members of the New York Stock Exchange, has been visiting Montreal. It is understood that Mr. Meehan is investigating several gold properties in this country.

His views on the market are much similar to those that have always been expressed by well-seasoned leaders, which is to the effect that the American public to-day are suffering from a disease called "fear." Activity, accompanied by strength in well selected issues will, in Mr. Meehan's opinion, go a long way to offset this.

"The existence of such technical factors in the market which will effect such an advance in prices, has been fully realized for some time and has caused me to refrain from specifically recommending short sales. I believe that what we will see to-day in the way of advance will be enough to justify traders putting out some short positions, and I would use what further strength we see (which will undoubtedly represent the final blow off of short positions that have been in the market for some time past), to take such a position. With a relatively short time I think there will be sufficient information available for analysis by one and all concerning business, to substantiate my contention that things nowadays in the business world are not such as to justify either the rally we have seen, nor the purchase of stocks as yet, even for long pull holding."

COMMENT

"Use early strength to-day, especially if the strength is accompanied by volume, to establish a short trading position in some of the following: American Can in a range of 117 to 120; General Motors in a range of 43 to 45; General Electric in a range of 47 to 50. Think there is some money to be made on the short side of Vanadium in a range of 55 to 58, and some more in steel from 140 up; Anconda over 35."

During the past month New York funds have ruled at a premium approximating the gold shipping point and several shipments of gold have been made to New York. Sterling and European currencies have fluctuated generally with New York funds, except Pesetas, which have declined from 10.26 to 10.27, and Swiss francs, which declined from 19.59 to 19.41. The high grade bond market has shown an appreciable firming tendency during the past month, and following the further reduction in the New York Federal Reserve rate short-term obligations in the gilt-edged list have been in keen demand.

## SUN LIFE GAINS \$700,000,000 DURING YEAR

President T. B. Macaulay Makes Annual Report at Meeting in Montreal To-day

## Despite Depression, General Insurance Decline, Canadian Company Expands

Montreal, Feb. 10.—The annual report of the Sun Life Assurance Company of Canada for 1930, issued here, contains many features of special note. Perhaps the most striking is the large increase in assurances in force. In a year of depression it is a remarkable tribute to the Sun Life that its policies in force show a large increase. Insurance companies of this continent as a whole show a decrease of five per cent. In new business, but the Sun Life is one of the new companies to eclipse its record of 1929 with over \$700,000,000 in 1930. The Sun Life's common stock holdings show a substantial increase in value over cost. Dividends to policyholders will be continued at the present high scale.

Annually, this great international life insurance has set unusual new records. The past year, although at the low ebb of a world-wide depression, proved no exception, and to-day's report, presented at the annual meeting held here, shows that the company wrote the largest amount of paid-for business since it began business almost sixty years ago. President T. B. Macaulay was in the chair, and presented the directors' report. His remarks, as usual, were vigorous. The Sun Life is the largest company in Canada, and easily maintained its premier position as the largest company in the British Empire, writing ordinary business. The company practically circles the globe. It maintains active branches throughout the United States and Canada, most British countries, and in many foreign countries as well. The report establishes records in Canadian life assurance history.

## PROFITS TO POLICYHOLDERS

A noteworthy feature is the profits to policyholders during 1930, when over \$20,000,000—more than for the year of \$3,000,000—were paid or allotted in dividends. The total payments to policyholders and beneficiaries since the company began business in 1925 amount to nearly equal to the total insurances in force in the company's fifteenth year.

During the year over \$705,000,000 of new business was issued and paid for. This is an increase of eight per cent. over the record of 1929, and means that during 1930 the company issued approximately \$225,000,000 of assurance every working day of the year. Over \$600,000 was the daily income for 1930, making a total of over \$186,000,000, an increase of approximately \$15,000,000.

The business in force at the end of the year was \$2,863,000,000, an increase of \$462,000,000. This item is of great interest for it demonstrates the very low ratio of Sun Life policyholders. Total payments to policyholders during the year were approximately \$81,000,000, of which nearly \$40,000,000 were paid to living policyholders. This would indicate the modern trend of insurance.

## GROUP BUSINESS LARGER

A record volume, for the Sun Life, of group assurance was written, approximately \$104,000,000 of this business being secured.

The assets increased during the year to \$588,000,000, while the interest rate was 5.44 per cent.

## INVESTMENT POLICY PROFITABLE

During the year it would appear as if the investment policy of the Sun Life had stood the acid test. In a time of great economic depression throughout the world it speaks well for that policy when common stocks within the portfolio keep well above cost at a time when even many first class bonds and guaranteed stocks show a depreciation.

Referring to the company's investment policy, the directors' report says: "The values at which the stocks and bonds owned are entered in the balance sheet are determined by the Canadian Department of Insurance on the basis of the market prices obtaining on December 31. It is an anomaly that investments in stock are required to be taken at the prices which may happen to be bid on the exchanges on the last day of the year, while mortgages are admitted at their full face value without regard to their liquid position."

In a year of almost unprecedented business depression the outstanding quality of the investments has been strikingly shown. The actual cash dividends received on the total common stocks held by the company was \$969,103.84 in excess of the dividends payable on those identical shares in 1929. This increase implies a corresponding enhancement of their intrinsic values, and indicates that the shrinkage in market prices sustained by stocks even of the high quality of those held by the company, is not attributable to diminution in actual values, but to the abnormal business conditions. Even on the basis of the low prices at the close of the year, however, our common stock holdings are valued by themselves show a substantial excess of market value over cost.

"The surplus over all liabilities and capital stock amounts to \$31,751,490.93."

SAME POLICY DIVIDENDS

The report further states: "Profits to policyholders entitled to participate during the ensuing year will be again allotted on the scale at present in operation."

"The special maturity dividend is also continued on the basis announced last year."

Canadian railways freight loadings in week ended January 31 totaled 46,806 cars, decline of 1,009 from preceding week and 12,471 below 1930 week.

Timken Detroit Axle declared regular quarterly dividend of \$1.75 on preferred, payable March 2, record February 20.

The five Nobel prizes, averaging about \$40,000 each annually, are awarded from a fund bequeathed by Nobel, a Swedish inventor, to the persons who have made the greatest contributions to medicine, physics, chemistry, literature and peace.

# Murder At Bridge

by ANNE AUSTIN author of "THE BLACK PIGEON,"  
"THE AVENGING PEACOCK" and "MURDER BACKSTAIRS"  
©1959 NEA SEATTLE, INC.

"You with . . . could not have said anything better calculated to hold Hugo, who, as I said, is a regular find when it comes to brigue. . . . Well, Hugo played the hand and made his little slam, and then he again started to tell me about his wife, who was Sprague's partner, you know, told him in that brusque way of hers to go on with the game and give Karen a chance to have a little wimp in her pants. Probably Hugo was so sure of his hand that he just told her to go home with her arse, but just then Flora came back. She said Betty was asleep at last and that her temperature was normal, and when she heard about Karen, she offered to take her hand and undergarments to the hospital."

"What did Drakb do then? He'd been playing anagrams with Mrs. Miles, you said." Dundee interrupted.

"Don't you remember?—I told you Johnny had taken Peter's place at our table, and he was sitting next to me."

"A first-class row, eh?" Dundee interrupted, with keen interest.

dered about the porch of her home. And about five minutes after 11 Elsie Hammond arrived, coming up the path to the porch, just as Janet had. After she came, there was no more bride, but we sat around on the porch and talked until midnight. Elsie said he was tired to play bridge—that he'd been struggling all evening with a knotty problem."

"I can sympathize with him!" Dundas said, grimly, as he rose. "I've got my own knotty problem awaiting me . . . When that call comes through from Chicago, tell Sanderson the bad news, and say I'll telephone him later."

(To be Continued)

**Annual Concert - Young People's Society.** First United Church, to-night, eight o'clock. Excellent music. **ADMISSION FREE.**

The rabbit gentleman called:  
 "That a good little bunny child  
 Put more wood on the fire, please  
 The maple sap is the quicker the maple  
 candy will be ready."  
 Then Buntly felt ashamed and no  
 wanting Uncle Wiggly to think about  
 him. He was going to do something and  
 he was sure he was doing something bad.  
 The little orphan bunny said:  
 "Oh, Uncle Wig! I wasn't going to  
 put this stick on the fire. I was going  
 to dip it into the candy to get  
 some."  
 "You mustn't do that, my dear,"  
 said the rabbit gentleman. "Not only  
 would it make the maple candy dirty  
 but it would burn the stick. But you  
 may put the stick in the pot, but you  
 mustn't burn it. If you try to  
 burn it, the stick will burn and you  
 will get a hot stick. You mustn't  
 burn the stick. You mustn't burn the  
 stick. You mustn't burn the stick."  
 "All right, then, I won't do it," said  
 Buntly.  
 "That's all right," said Uncle Wiggly, smiling  
 at the air, for the maple candy

WEDNESDAY, FEBRUARY 11, 1951

This should be a fairly fortunate day, according to astrology. Benefic aspects govern the morning and assure straight thinking in business affairs.

There is a sign presaging for educators and statesmen serious planning for the general good of the nation.

Under this planetary government the trend of thought is likely to be serious and wise, and this season distinct progress in most important government matters is forecast. Although midwinter may present a few unpleasant features for the development of aerial navigation much benefit for aviation is indicated.

This is read as a favorable day for making new friends of opposite sex. Romances start under this rule of the stars. The wise will be wary in signing contracts or leases. They should declare existing signatures to any sort of legal papers, the seers declare.

Accidents may be more than normally numerous while this configuration prevails. Fires and explosions are forecast.

Workers now come under stimulating and encouraging planetary influences. Employment of many thousands is prophesied.

Again astrologers point out the value of specialized training in all vocations and foretell advantages for college graduates.

Fitness among men in public life may be prevalent as the month closes. The death of a high official is indicated.

There is a sign of trouble for journeys, especially those that may benefit from conferences or interviews.

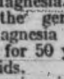

Persons whose birthdate it is have the

comes sweet, the pain departs. You are happy again in five minutes.

Don't depend on crude methods.

"Oh, goodie!" cried the bunny boy and girls. They knew what maple was for. "Before we dig syrup if a little is taken from the kettle and poured on the clean snow to cool, it turns into a thin sheet of candy, called 'wax.' If it is done right, it's not sticky, it's like a cone on ice, everybody!" called Buster, as if he were playing hide and seek. "Daddicums is going to make maple wax!"

The boy and girl rabbits who had been gathering wood for the fire came running toward the blaze and holding their kettle. Uncle Wigwag took a little dipper and lifted out some of the hot boiling sap.

"Don't get in my way, please!" he called to the children as he ran toward a clear patch of snow. He uncorked the Rabbit gentleman was pouring hot sap on the cold snow to make maple wax, when, all of a sudden, something else happened. A bottle of water to thaw out the frozen milk bottle, I'll tell you next about Uncle Wigwag and the hungry fox.

### CEREAL RESEARCH GROWS

The report of the dominion cerealsists L. E. Theiman, B.S.A., for 1929, provides a graphic illustration of the steady increase in cereal research by the Dominion Department of Agriculture. In 1916 the total of plots used in investigational work numbered 2,017. In 1921 this had dropped to only 756. Since 1927, however, there has been a steady expansion of the work. In this important work, the total number of plots for 1930 being 13,560. This report, which is now available for free distribution, contains a great deal of information on the various interests in cereals.

Best Way Out

"George, George! The car's running away!"

"Can't you stop it? Use footbrakes!"

"I can't—they must have failed!"

"Oh, right, pick out something else to hit."

Thomas A. Edison, famous inventor, was born on this day in 1847.

**Do You Get It?**

"I hope, Jones," said his employer, "that you are saving at least half of what you get."

"Well, sir," said Jones, "I would, but the fact is that I don't get as much as that."

Cologne Cathedral, a magnificent example of Gothic architecture, was six centuries in the building.

**Will Engaged Couple Who Cannot Marry for Years Be Happy if They Live Without Benefit of Clergy? How Cripple Whose Sisters Hate Her Can Find Happiness in Life; Does Jealous Wife Love Her Husband?**

DEAR MISS DIX—My fiancé and I cannot be married on account of lack of money and of obligations that he has to his family. He is a young man of fine character and good morals and he proposes that we live together without benefit of clergy. Is happiness to be found by following the dictates of love and does that happiness last? If his love is sincere would he have made that suggestion? Do people who live together unconventionally eventually marry? Just what does the girl sacrifice? If it is her only chance of happiness should she take it?  
MAUD.

Answer: To begin with, no young man of high character would make such a degrading proposition to his fiancée. He would not be willing to sacrifice her to his passion nor to make of her that pitiful and bedraggled thing, a woman with a past who lives in terror of its becoming known.

That man's excuse for making this suggestion to you is as contemptible as his proposition, for the price of virtue is no higher than that of vice. A wife is no more expensive than a mistress and it costs no more for two persons to live together when they are decently married than for one to support an unconventional ménage. Moreover, if the wife is to continue to work after marriage, her earning power would be no less one way than the other. In fact, she would be much more likely to be able to keep a good job if she was honorably married than if it were known that she was engaged in a liaison. Not many employers care to have about them women who are involved in a scandal.

As to your second question: Of course, men and women who live together unconventionally do sometimes eventually marry and legalize their relationship, but not often. Generally the man gets tired of the woman and after he has taken the best years of her life and her youth and good looks are gone, he wears her out and throws her aside, as a child does a battered toy.

As a matter of fact, the conditions under which those who live together do not foster love, all romantic theories to the contrary. Instead they put an almost intolerable strain upon it, and there are few liaisons that survive longer than a year or two.

To begin with the loose relationship between a couple promotes jealousy. Each is eternally suspicious of the other. Each, knowing the other recognizes no law higher than his or her desires, is eternally fearful that some gust of passion will blow the other in a new direction.

This is particularly true of the woman who nearly always gets to the place where she is the man's jailer and who alienates his affections and hastens his desertion by nagging him about other women.

Then, no matter how much two persons may think they love each other or how much they believe that they can give all for love and the world forget, they soon find that this is not true. They yearn for old friends, old associates, for respectability. And when they realize that they are ostracized they begin to count the cost they have paid for love and find it came too high and they hate each other for their mutual folly.

You ask what a woman sacrifices in such a case. Everything that makes life worth living. Her self-respect. Her honor. Her virtue. Her right to look the world in the face. The right to have her children respect her and honor her. The right even to her husband's respect.

No man is worth that. No love is worthy buying at that price, for, believe me, Maud, that sinful love is dead sea fruit that turns to ashes on your lips. There is no happiness to be found anywhere except in right doing and clean living.  
DOROTHY DIX.

DEAR DOROTHY DIX—I am a young business woman just started in my thirties, but a good position as private secretary and keep a car, am the black sheep of my family. My sisters are large and handsome and perfectly formed, while I am little and lame, and they have always ridiculed me for my misfortune. Two years ago my mother died and after she passed away I tried to live with my two sisters, but they were cruel to me and mocked me for being an old maid. A few months ago I decided to leave them and am boarding among strangers, who are much kinder to me than my own people, but I am starving for affection. I feel that when my mother died my happiness ended and I am tired of life. WHAT SHALL I DO?  
—BLACK SHEEP.

Answer: Why not try counting your blessings awhile instead of spending your time brooding over your sorrows? Believe me, any young woman who has her health and her freedom and who has intelligence enough to hold down a good job ought to be making whoopee in place of shedding barrels of tears.

Of course, it is a misfortune that you are lame, but think how much worse it would be if you were a mental cripple instead of a physical one. Of course, it is hard that your sisters are cruel and unloving and unsympathetic to you, but thank your heavenly stars that you don't have to live with them. You are independent of them. You don't have to listen to their gibes and have your heart hurt continually by their unkindness, so it is silly to let that embitter your life. Of course, the loss of your mother will be a sorrow to you as long as you live, but in time our wounds heal over and cease to ache and the bitterness of our grief turns to a gentle regret.

What you need to do is to get a brace on yourself and to fight your morbid inclination to self-pity and determine to be happy in spite of the knocks that fate has given you. Make out a definite plan of life. In the first place, make a clean break with your sisters. Don't go near them. Keep far enough away to prevent their hurting you. Then go to some pleasant, cheerful place to live where you will be thrown with a lot of other young women. In every city there are girls' clubs and the Y.W.C.A., where lots of bright, snappy young women live and where there is always a lot going on to interest and amuse you.

Don't live with any old couple or in any frowzy, dull boarding house and don't hide yourself in a rented room, but seek the companionship of other young women among whom you will find friends to pep you up. And get you some good clothes, for there is nothing that raises a woman's spirit like a new hat, unless it is a new dress. We have to make our happiness, you know, for ourselves, and we have to work for it. It never comes to us on a silver platter.  
DOROTHY DIX.

DEAR MISS DIX—If a wife is jealous of her husband, does she love him?  
UNHAPPY.

Answer: Probably she does, but jealousy is no indication of love, though many misguided people seem to think it is.

In reality jealousy is the greatest insult that any one can offer another, because it is the outward and visible proof of lack of faith. The jealous wife has no confidence in her husband's truth nor honor nor good faith. She believes him capable of betraying her and of being guilty of all the crimes that her imagination attributes to him.

There are many wives so jealous of their husbands that they picture him in their minds as a monster who cannot look or speak to a woman, no matter how old or young or homely, without being filled with sensual thoughts about them. Or they believe their husbands so weak that any woman could whistle them away from their lawful wedded wives. They cannot imagine their husbands having an innocent friendship with a woman as they would have with another congenial man and they may even believe that their husbands are carrying on intrigues with every casual client or customer.

That decent men resent their wives attributing to them acts of which they are wholly guiltless and which they have conjured up out of their own imaginations is easily understood, and if this is love many a poor, jealously tortured husband wishes that his wife hated him and so he starts out to find out whether he really is such a devil among the women as she thinks he is.

Perhaps jealousy kills love oftener than any other one thing. Also, it drives many a man into philandering and causes him to justify his wife's suspicions. He knows she doesn't trust him and so he starts out to find out whether he really is such a devil among the women as she thinks he is.  
DOROTHY DIX.

**SARGON A GREAT STEP FORWARD, STATES NURSE**

"From my own personal experience taking Sargon, as well as from my experience as a nurse, I believe this remarkable new compound to be a great stride forward in medicine," declared Mrs. Bertha Gibbs, 333 29th Avenue E., Vancouver. "Seven years

MRS. BERTHA GIBBS

ago I was in bed three weeks with jaundice. Some called it gall-stones, and I had terrible pains in the pit of my stomach, running around to the right side of my back. I'd be unable to retain any food and had such a smothering feeling at times I'd have to walk the floor for breath. I was so badly constipated that laxatives got to where they didn't have any effect and I had to resort to frequent enemas.

"The results I received from six bottles of Sargon and Sargon Soft Malt Pills have been remarkable. I've had none of the awful stomach aches or any trouble with constipation since the first week; my color and appearance are greatly improved, and I have worlds more energy and strength. Although I've never recommended an advertised medicine before, I feel duty bound to make this exception."

Sargon may be obtained in Victoria and Vancouver from all Owl Drug Stores; in New Westminster from the Bess Drug Co.; in Esquimalt from Pulmer's New Store; in Oak Bay from Charles Hudson; in Sidney, Vancouver Island, from Sidney Pharmacy; and in Nanaimo from Kennedy's Drug Co. (Adv.)

## CRUISE SHIP AT MADEIRA

Empress of France completes Atlantic Passage on Mediterranean Cruise

Funchal, Madeira, Feb. 10.—After an excellent trip across the southern route of the Atlantic Ocean from New York, the Canadian Pacific cruise liner Empress of France arrived here this afternoon with about 450 passengers from Canada and the United States aboard who will make a Mediterranean cruise aboard the trim white liner with her blue band and yellow funnels.

The Empress of France sailed from New York last Tuesday and only two days of cold weather were met on the Atlantic before the ship ran into blue sea and smiling skies which still continued when the ship steamed into this quaint harbor and dropped anchor to-day.

The Empress of France will remain here until to-morrow evening before proceeding on her voyage to Spain. While here the passengers will visit the places of interest on the island and will enjoy a dinner and a dance at the casino this evening. It is at Madeira that world travelers enjoy the thrills of a ride in a car, that strange hybrid of a vehicle which looks like a bob-sled, has chintz curtains and is pulled along the cobbled winding streets by oxen. It is here also that the passengers are given another thrill in a sort of basket-ride, called a carretto-do-monte, the traveler goes catapulting down a steep hillside from the Tereiro da Lucia, a drop of 3,285 feet which is done in less than twenty minutes.

The passengers will return to the liner this evening and to-morrow morning will leave again by tender for the island to visit the beautiful gardens, the intriguing inns and cafes and the fascinating shops where natives sell price-reduced lace and silks and perfumes for ridiculously low prices. Madeira is a world famed for the embroidery and many of the passengers will no doubt take away handsome samples of the natives' handwork.

After leaving here the Empress of France will go to Spain, then to the Azores, and into the Mediterranean to call at numerous ports in Europe and Africa.

## Broom Blooms All Winter At Pilot House On Dallas

One of the prettiest spots along the Dallas Road, near the outer docks, is the Pilot Station, that well-known and familiar little grey house just near the entrance to Ogden Point, where an energetic attendant is there all hours of the day and night. But this winter the house has been prettier than ever, for on the seaward side, facing the beach and the breakwater, has been a garden that ordinarily does not bloom until the spring and summer. The garden is particularly proud of a bush of broom which has been blooming steadily since last May. The tiny yellow flowers are now as bright and fresh as they were all last summer, and there is every indication that they will continue some time yet. Also in the garden at the Pilot Station are marigolds and wallflowers which have been flowering all winter as well as several other species of flowers which usually are only seen in the spring.

The figures for height serve to distinguish high water from low water. Where blank occur in the tables, the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, measured from the average level of low water.

## Around the Docks

The only ship to dock here this week from the Orient will be the Arabia Maru of the Osaka Shosen Kaisha, which is expected to reach the William Head quarantine station on Friday at noon, according to wireless advice received here this morning by A. E. Shanks, of Bithet Consolidated Limited, local agents, from the captain of the ship. For Victoria the Arabia Maru has two first class and four steerage passengers and about 150 tons of general cargo. There are five first class and thirty-one steerage passengers and a good general cargo aboard for Seattle.

## OFF TO MEXICO

The small freighter Hurry On of Vancouver which had been at Yarrow over the week-end receiving machinery repairs left the harbor yesterday morning and proceeded to San Pedro, out of which port she will travel to Mexico. She was formerly a Hobbs' boat. It is probable that when the Hurry On reaches San Pedro the freighter Calaca, well known at this port, will return to British Columbia.

## FROM ENGLAND

Inbound from the United Kingdom by way of the Panama Canal and California ports, the Donaldson freighter Sulais is now en route up the Pacific Coast and is expected here sometime on Thursday night or Friday morning. For Victoria the Sulais has about seventy-five tons of general cargo. She will dock at the Bithet pier while here.

## AT PORT ALBERTI

H. A. Barnett, local marine surveyor, returned yesterday afternoon from Port Alberni, where he went to survey the freighter Fernget, which is now at the Up-Island port loading 1,200,000 feet of Vancouver Island timber for the Atlantic Coast. Mr. Barnett reports considerable activity at lumber ports on the island and says that before the end of the month several ships will call at Port Alberni, Chemainus and Nanose. No ships, however, have yet been listed to come to Victoria for lumber.

## NOW BOUND HERE

The Canadian Australasian motor liner Aorangi sailed last week from Sydney, and after calls at Auckland, Suva, and Honolulu, will arrive here February 27. The American Mail liner President Taft sailed from Yokohama yesterday and will arrive here February 20. The N.K.R. liner Shidekura Maru left Yokohama on Saturday last, and will arrive here February 21.

## COAST BOATS

The Princess Royal was in port this morning from Vancouver and the Gulf Islands, and the Princess Elaine is in drydock at Esquimalt for annual overhaul. The Princess Maguina is in Vancouver from the west coast of the island and will sail from Victoria to-morrow evening.

## BEING REPAIRED

Among small boats now receiving repairs in the inner harbor are the fish craft Diana of Vancouver, which is at the Muriel plant. The Diana became disabled on the west coast of Vancouver Island last week and was towed into Victoria by the Isopac No. 1 of the Island Packing Company. When repairs are completed the Diana will proceed to the Coast again and resume fishing.

## British Mails

Close 1:15 p.m. Feb. 9. S. Adriatic.  
Close 3:15 p.m. Feb. 11. S. Europa via New York.  
Close 3:15 p.m. Feb. 12. S. Pres. Harding via New York.
